

Zinc Plating CNC Milling Machining Parts PDF Drawing Format

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Advantage: High Precision, Fast Delivery, Etc.
- MOQ: 1 Piece
- Lead Time: 7-15 Days
- OEM/ODM: Accept
- Processing Method: CNC Turning Milling
- Product Size: Customized
- Tolerance: $\pm 0.01\text{mm}$
- Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
- Highlight: **Zinc Plating CNC Milling Machining Parts, PDF CNC Milling Machining Parts**

Product Description

Product Description:

CNC Turning Milling Parts are fabricated parts that are made by CNC turning process and CNC milling process. They are available in custom sizes and can be made of stainless steel, aluminum, brass and other materials. To ensure the best quality, surface treatments such as polishing, anodizing and zinc plating are also available. Moreover, we provide professional packaging services to protect the parts and parcels. All these parts are finished and ready to ship in 7-15 days.

Features:

Product Name: CNC Turning Milling Parts
Tolerance: $\pm 0.01\text{mm}$
Lead Time: 7-15 Days
Drawing Format: PDF, IGS, STP, DWG, Etc.
MOQ: 1 Piece
Package: Carton, Wooden Case, Etc.

Technical Parameters:

Product Attributes	Description
Shipping	Express, Air, Sea
Drawing Format	PDF, IGS, STP, DWG, Etc.
Tolerance	$\pm 0.01\text{mm}$
Package	Carton, Wooden Case, Etc.
OEM/ODM	Accept
Lead Time	7-15 Days
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
MOQ	1 Piece
Material	Stainless Steel, Aluminum, Brass, Etc.
Advantage	High Precision, Fast Delivery, Etc.

Applications:

CNC Turning Milling Parts by YWY

YWY's CNC Turning Milling Parts, with model number cnc202, are professionally manufactured in Guangdong, Huizhou. These parts are typically used for automotive and aerospace applications, and they are made with CNC turning and milling processes. These precise CNC turning parts are highly reliable and durable, and they boast advantages such as high precision, fast delivery, and more.

The surface treatment for YWY's CNC turning milled parts includes polishing, anodizing, zinc plating, and more. With the help of these treatments, the parts are corrosion-resistant and have an enhanced appearance. The CNC turning process parts, CNC turning manufacturing parts, CNC milling fabricated parts, and CNC milling precision parts all have a lead time of 7-15 days.

YWY's CNC Turning Milling Parts are ideal for applications such as automotive, aerospace, and other industries. Customers can expect long-lasting performance, excellent precision, and quick delivery. YWY's CNC Turning Milling Parts are a great choice for any project requiring fast and reliable parts.

Customization:

Welcome to ywy for CNC Turning Milling Parts with the following features:

Brand Name: ywy
Model Number: cnc202
Place of Origin: Guangdong, Huizhou
MOQ: 1 Piece
Application: Automotive, Aerospace, Etc.
Drawing Format: PDF, IGS, STP, DWG, Etc.
Product Size: Customized

Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.

Our CNC Turning Manufactured Parts feature precision machining and high quality material. We specialize in custom CNC Turning Machining Parts to meet the demands of our customers. Every CNC Turning Part is designed to meet the exact specifications of the customer. Our Customized CNC Turning Parts are designed to the highest standards to ensure the best possible results. We are committed to providing the best CNC turning manufactured parts to meet the needs of our customers.

Support and Services:

We offer technical support and services for CNC Turning Milling Parts. Our services include but are not limited to:

- Design consultation and support
- Custom CNC machining
- Finishing services (e.g. polishing, anodizing, etc.)
- Full assembly and testing
- On-site installation and maintenance
- Troubleshooting and repair
