Machined Titanium CNC Lathe Machine Parts Heat Treatment Annealing Normalizing

Our Product Introduction

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Size: Customized
- Processing Method: CNC Machining
- Service: OEM/ODM
- Packaging: Carton/Wooden Case
- Drawing Format: PDF/DWG/IGS/STP/X_T
- MOQ: 1 Piece
- Payment Term: T/T, Paypal, Western Union
- Tolerance: ±0.01mm
- Highlight: **Titanium CNC Lathe Machine Parts**, **Normalizing CNC Lathe Machine Parts**

Product Description

Product Description:

CNC Titanium Machining Components are precision-engineered and manufactured to the highest standards of quality, accuracy and reliability. Our Titanium Machined Components are made from grade 2 titanium and designed to meet the most demanding industrial, medical and aerospace applications. With our advanced CNC machining capabilities, we can manufacture Titanium Machined Parts in a variety of shapes and sizes with tight tolerances to meet your exact specifications. Our surface treatment includes polishing to ensure that our CNC titanium parts are smooth and free of burrs and other surface defects. We provide custom CNC titanium machining services and accept drawings in PDF, DWG, IGS, STP and X_T formats. We offer competitive prices and flexible payment options such as T/T, Paypal and Western Union. All our products are securely packaged in carton boxes or wooden cases for safe delivery.

Features:

Product Name: CNC Titanium Machining Parts, CNC Machined Titanium Components, Titanium CNC Components
Inspection: 100% Inspection
Processing Method: CNC Machining
MOQ: 1 Piece
Size: Customized
Packaging: Carton/Wooden Case

Technical Parameters:

Parameter	Value
Payment Term	T/T, Paypal, Western Union
Drawing Format	PDF/DWG/IGS/STP/X_T
Material	Titanium
Tolerance	±0.01mm
Service	OEM/ODM
Processing Method	CNC Machining
Size	Customized
Heat Treatment	Annealing/Normalizing
Packaging	Carton/Wooden Case
MOQ	1 Piece

Applications:

Ywy CNC Titanium Parts, Model No. CNC505, are precision machined components with a tolerance of ±0.01mm. These parts are manufactured by Ywy in Guangdong Huizhou. All parts undergo 100% inspection to ensure high quality and accuracy. We accept drawing format such as PDF/DWG/IGS/STP/X_T. The minimum order quantity is 1 piece. Our CNC titanium parts machining services are widely used in industries such as industrial, medical, aerospace, etc.
Titanium parts machining is a popular technology and is widely used in many industries. The high strength-to-weight ratio of Titanium makes it an ideal material for precision machining. Ywy provides titanium parts machining services with tight tolerances and precise dimensions. Our experienced machinists can create complex parts with tight tolerances, including titanium CNC components.
Ywy specializes in titanium parts machining services for many industries, offering high precision and quality assurance. Our experienced machinists can manufacture a wide variety of titanium parts for industrial, medical, aerospace and other applications. Our state-of-the-art CNC equipment and tools ensure that all components meet the highest quality standards. Whether you need a single part or a large batch of components, Ywy is your reliable source for titanium parts machining services.

Customization:

CNC Titanium Parts Customization Services

Brand Name: ywy
Model Number: cnc505
Place of Origin: Guangdong, Huizhou
Processing Method: CNC Machining
Packaging: Carton/Wooden Case
MOQ: 1 Piece

Inspection: 100% Inspection

Tolerance: ±0.01mm

We specialize in the production of custom Titanium Machined Components, CNC Machined Titanium Components and Titanium CNC Parts.

Support and Services:

We provide technical support and service for CNC Titanium Parts. Our experienced and knowledgeable staff will help you with any questions or issues that may arise. We offer a variety of services, including design assistance, prototyping, machining, assembly, and testing. We can also provide custom fabrication, welding, and finishing services. Our knowledgeable team can work with you to ensure that your product meets your needs and requirements. With our experienced staff and state-of-the-art equipment, we can provide you with the best possible product.
