

High Precision Die Casting Components $\pm 0.01\text{mm}$ Tolerance

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Shipping: By Sea/Air/Express
- Processing: Die Casting, CNC Machining, Etc.
- Application: Automotive, Electronics, Industrial, Etc.
- Lead Time: 7-15 Days
- Pressure: 0-500T
- Weight: 0.1-50kg
- Size: Customized
- Surface Finish: Polishing, Anodizing, Plating, Painting, Etc.
- Highlight: **High Precision Die Casting Components, Customized Die Casting Components**

Product Description

Product Description:

Die Casting Components are a versatile, cost-effective manufacturing solution for a wide range of applications. Made from aluminum, zinc, magnesium, copper and other metals, these components are available in various shapes, sizes and weights. Using advanced metal injection moldings, gravity castings and zinc alloy castings, the components can be customized to meet the specific needs of customers in automotive, electronics and industrial sectors. With pressure ranging from 0-500T and weight from 0.1-50kg, these components provide superior performance in extreme temperature or environment.

Technical Parameters:

Property	Description
Lead Time	7-15 Days
Application	Automotive, Electronics, Industrial, Etc.
Size	Customized
Surface Finish	Polishing, Anodizing, Plating, Painting, Etc.
Mold Life	50,000-1,000,000 Shots
Pressure	0-500T
Package	Wooden Case/Pallet
Design	3D/2D Drawing
Material	Aluminum, Zinc, Magnesium, Copper, Etc.
Tolerance	±0.01mm
Die Casting Molds	Yes
Lost Wax Castings	Yes
Magnesium Alloy Castings	Yes

Applications:

YWY444 Die Casting Components, a brand by YWY, are widely used in Automotive, Electronics, Industrial, Etc. industries around the world. These metal injection moldings, lost wax castings and die casting molds feature a 0-500T pressure and are designed with 3D/2D drawing technologies, providing superior quality and performance. With a long mold life of 50,000-1,000,000 shots, these die casting components are packaged in wooden cases or pallets for secure and safe delivery.

Customization:

Customized Die Casting Components

Brand Name: YWY

Model Number: YWY444

Weight: 0.1-50kg

Place of Origin: Guangdong, Huizhou

Lead Time: 7-15 Days

Surface Finish: Polishing, Anodizing, Plating, Painting, etc.

Payment: T/T, L/C, PayPal, etc.

Processing: High-pressure Die Castings, Aluminum Alloy Castings, Metal Injection Moldings, etc.

Support and Services:

Die Casting Components provide technical support and services to ensure that our customers receive the highest quality parts. Our services include:

Design and engineering advice

Mold design and construction

Die casting process optimization

In-house testing and certification

Quality assurance and control

Post-production support

We are committed to providing our customers with the best possible service and support to ensure that their parts are produced to the

highest standards. Our team of experienced engineers and technicians are available to provide technical assistance and advice, as well as on-site testing and certification.

FAQ:

Q: What is Die Casting Components?

A: Die Casting Components is a product of ywy, with model number ywy444 and place of origin guangdonghuizhou.

Q: What are the advantages of Die Casting Components?

A: Die Casting Components are more precise, repeatable and durable compared with other casting methods. It is also cost-effective.

Q: What materials can be used in Die Casting Components?

A: Die Casting Components can be made of aluminum, zinc, magnesium and other non-ferrous alloys.

Q: What is the lead time of Die Casting Components?

A: The lead time of Die Casting Components depends on the complexity of the product and the quantity. Generally, it is about 15-30 days.

Q: What is the minimum order quantity of Die Casting Components?

A: The minimum order quantity of Die Casting Components is 1000 pieces.
