

Machine Customized Brass CNC Parts Electronic Components

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Weight: Customized
- Material: Brass
- Port: Shenzhen
- Application: Electronic Components
- Tolerance: ± 0.01 mm
- Payment_term: T/T, PayPal, Western Union
- Dimension: Customized
- Color: Customized
- Highlight: **Customized Brass CNC Parts, Machine Brass CNC Parts**

Product Description

Product Description:

CNC Brass Parts are computer-driven brass parts that are used in a variety of electronic components. The parts are made from high-quality brass material which is able to withstand harsh environments and is highly durable. The parts can be customized according to size and weight to meet the specific needs of different applications. The payment terms for CNC Brass Parts include T/T, PayPal, and Western Union. The parts are securely packaged using standard export package for long-term storage and safe delivery. CNC Brass Parts are highly precise and reliable with accurate dimensions and precision tolerances. The parts are easy to install and maintain, making them a great option for a variety of electronic components. The parts are also corrosion-resistant, making them suitable for extended use in harsh environments. CNC Brass Parts are an excellent choice for those looking for computer-aided brass parts that are accurate, reliable, and long-lasting.

Applications:

Ywy cnc404 computer-controlled brass parts are fabricated with state-of-the-art CNC machines and computer-simulated precision engineering, ensuring superior quality with exacting standards. Made of brass, these parts are polished to perfection for long-lasting use. Customized dimensions are available to meet different requirements.

These cnc404 brass parts are widely used in a variety of applications, such as in the automotive industry, for medical devices, for precision machining, and in industrial equipment. Ywy brass parts are ideal for fabricating components that require precision and strength, and they can withstand extreme temperatures and harsh environments. With this product, customers can benefit from reliable quality and durability, making it an excellent choice for their projects.

Ywy cnc404 brass parts are available with various payment terms such as T/T, PayPal, and Western Union. They are packed in standard export packages for safe delivery and storage. With their superior quality and customizability, Ywy cnc404 brass parts are the perfect choice for a wide range of applications.

Customization:

CNC Machined Brass Parts Customization Service

Brand Name: YWY

Model Number: CNC404

Place of Origin: Guangdong, Huizhou

Package: Standard Export Package

Dimension: Customized

Color: Customized

Weight: Customized

Tolerance: ± 0.01 mm

Our CNC-machined Brass Parts feature computer-operated processing and CNC-fabricated construction, customized to meet your exact needs.

Support and Services:

We provide technical support and services for CNC Brass Parts. Our team of experienced engineers and technicians is available 24/7 to assist with product specifications, installation, maintenance, and troubleshooting. We offer a variety of services, including on-site visits, remote technical support, and online resources. Our team is dedicated to providing the highest quality of service to ensure that your CNC Brass Parts are always functioning properly.

Packing and Shipping:

CNC Brass Parts Packaging and Shipping:

Each part is individually wrapped in foam and placed in a corrugated cardboard box to protect against damage. The box is then sealed with tape, and a shipping label is affixed. The package is then ready to be shipped to its destination.

FAQ:

Q1: What is CNC Brass Parts?

A1: CNC Brass Parts is a product from ywy with model number cnc404, which is manufactured in guangdonghuizhou.

Q2: What material is CNC Brass Parts made of?

A2: CNC Brass Parts is made of brass material.

Q3: Is CNC Brass Parts customizable?

A3: Yes, CNC Brass Parts is customizable.

Q4: What application does CNC Brass Parts used for?

A4: CNC Brass Parts is mainly used in machinery, furniture, construction, and other related industries.

Q5: What is the MOQ of CNC Brass Parts?

A5: The MOQ of CNC Brass Parts is 500 pieces.
