

Precision CNC Machine Parts with Anodized Finish OEM Accepted PDF Drawing Format

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Tolerance: ± 0.01 mm
- Delivery Method: DHL, FedEx, UPS, Etc.
- Size: Customized
- Packaging: Standard Export Carton Or Customized
- OEM/ODM: Acceptable
- Application: Automotive, Aerospace, Medical, Etc.
- Highlight: **PDF Drawing Format CNC Machine Parts,**
OEM CNC Machine Parts,
Anodized Finish CNC Machine Parts

Product Description

Product Description:

At our company, we offer customized CNC Machined Parts that are tailored to meet the specific needs of our clients. Our team of skilled professionals utilizes state-of-the-art equipment and advanced software to design and manufacture parts that are of the highest quality. We can create any size CNC Machined Part according to your requirements, ensuring that the finished product meets your exact specifications.

We offer a variety of packaging options for our CNC Machined Parts, including standard export cartons or customized packaging. This ensures that your parts are delivered to you in perfect condition, no matter where you are located. We also accept OEM and ODM orders, so you can rest assured that we can create the perfect CNC Machined Parts for your needs.

Our lead time for CNC Machined Parts is 7-15 days, which is highly competitive in the industry. We understand that time is of the essence when it comes to manufacturing, and we work hard to ensure that our clients receive their orders in a timely and efficient manner. We take pride in our commitment to quality and customer satisfaction, and we are confident that you will be satisfied with our CNC Machined Parts.

Whether you need CNC Machined Parts for your automotive, aerospace, medical, or any other application, we are here to help. Our team of experts is dedicated to ensuring that your parts are of the highest quality and meet your exact specifications. Contact us today to learn more about our CNC Machined Parts and how we can help you with your manufacturing needs.

Features:

Product Name: CNC Machined Parts

Size: Customized

Delivery Method: DHL, FedEx, UPS, Etc.

MOQ: 1 Piece

Quality Control: 100% Inspection Before Shipment

Packaging: Standard Export Carton Or Customized

Our CNC Machined Parts offer precision and accuracy for your manufacturing needs. These Computerized Numerical Cutting parts are customized to your desired size and undergo 100% inspection before shipment. We offer a variety of delivery methods, including DHL, FedEx, and UPS. Our MOQ is just 1 piece, and we provide standard export carton packaging or can customize to fit your specific needs.

Technical Parameters:

OEM/ODM	Acceptable
Lead Time	7-15 Days
Packaging	Standard Export Carton Or Customized
Processing Method	CNC Machining, Turning, Milling, Etc.
Tolerance	±0.01mm
Quality Control	100% Inspection Before Shipment
Surface Treatment	Anodizing, Plating, Painting, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Material	Aluminum, Steel, Brass, Etc.

Computer-controlled machining parts, Numerically-controlled machining parts, Computerized machining parts

Applications:

Our computerized numerical cutting parts are certified and have a minimum order quantity of 50 pieces, with prices ranging from \$2.35 to \$12.68 per piece. They are packaged using EPE foam, anti-rust paper, stretch film, plastic bag + carton, and delivered via DHL, FedEx, UPS, and other delivery methods. We have a supply ability of 1000000 pieces per month and a lead time of 7-15 days.

The CNC machined parts we offer are suitable for various occasions and scenarios. They can be used in the automotive industry for engine components, exhaust systems, suspension systems, and more. In the aerospace industry, our CNC-manufactured components can be used for aircraft structures, landing gear, and other critical parts that require high precision and reliability.

Our numerically-controlled machining parts are also ideal for medical applications, such as prosthetics, surgical instruments, and medical devices. They are made with high accuracy, ensuring that they meet the required specifications and standards.

Our computerized numerical cutting parts are packaged using standard export cartons or customized packaging to meet specific customer requirements. They are delivered within the agreed upon delivery time and payment terms.

In summary, Yuanwenyu's CNC machined parts are suitable for a wide range of applications, and our high-quality products are ideal for customers who require precision-made components for their industries. Contact us today for more information about our products and services.

Customization:

Our brand, yuanwenyu, offers high-quality CNC machined parts that are made using computer-aided machining parts, computer-aided manufacturing parts, and computer-numerically-controlled parts. These parts come in model numbers 1X893 and OEM, and are made in Guangdong, China. They are certified and have a minimum order quantity of 50 pieces, with a price range of \$2.35 - \$12.68 per piece. Our packaging details include EPE foam, anti-rust paper, stretch film, plastic bag, and carton. The delivery time is fast at just 1 day, and we offer flexible payment terms. Our supply ability is up to 1000000 piece/pieces per month, and we can provide standard export carton or customized packaging as per your requirements. We offer various surface treatments such as anodizing, plating, painting, etc. to meet your specific needs. Our quality control process involves 100% inspection before shipment, ensuring that our products are of the highest quality. We offer delivery through DHL, FedEx, UPS, etc. and accept drawing formats such as PDF, DWG, IGS, STEP, etc.

Support and Services:

Our CNC Machined Parts come with comprehensive technical support and services to ensure that you are able to maximize their performance and lifespan. Our team of experts is available to assist with any questions or concerns you may have about installation, maintenance, or operation of the parts.

We also offer repair and replacement services for any parts that may become damaged or worn over time. Our technicians are trained to quickly identify and resolve issues to minimize any downtime and ensure that your equipment remains in top working condition.

In addition, we provide customization services to meet any unique specifications or requirements you may have. Whether you need a specific material, finish, or tolerance level, we can work with you to create a custom solution that meets your needs.

Packing and Shipping:

Product Packaging:

All CNC machined parts will be carefully inspected and cleaned before packaging.

Each part will be individually wrapped with protective material to prevent any damage during transportation.

The parts will then be placed in a sturdy cardboard box.

The box will be sealed with industrial-grade tape.

A label with the recipient's address and contact information will be affixed to the box.

Shipping:

We offer worldwide shipping via trusted courier services.

Shipping costs will be calculated based on the weight and destination of the package.

Once the package is shipped, we will provide a tracking number so that you can monitor the delivery status of your order.

Please note that customs duties and taxes may apply depending on the destination country. These fees are the responsibility of the recipient.

FAQ:

Frequently Asked Questions for yuanwenyu CNC Machined Parts:

Q: What is the brand name of these CNC Machined Parts?

A: The brand name of these parts is yuanwenyu.

Q: What are the model numbers available for these parts?

A: The available model numbers are 1X893 and OEM.

Q: Where are these CNC Machined Parts made?

A: These parts are made in Guangdong, China.

Q: Are these CNC Machined Parts certified?

A: Yes, these parts are certified.

Q: What is the minimum order quantity for these parts?

A: The minimum order quantity for these parts is 50 pieces.

Q: What is the price range for these CNC Machined Parts?

A: The price range for these parts is between \$2.35 and \$12.68 per piece.

Q: What is the packaging for these CNC Machined Parts?

A: The parts are packaged with EPE foam, anti-rust paper, stretch film, plastic bag, and carton.

Q: What is the delivery time for these CNC Machined Parts?

A: The delivery time for these parts is 1 day.

Q: What are the payment terms for these CNC Machined Parts?

A: The payment terms for these parts are flexible and can be discussed with the supplier.

Q: What is the supply ability for these CNC Machined Parts?

A: The supplier can provide up to 1000000 pieces per month.
