Aluminum Precision CNC Machined Components Inspected before Shipment Drawing Format Accepted

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: $2.35 - $12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Size: Customized
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Quality Control: 100% Inspection Before Shipment
- Lead Time: 7-15 Days
- MOQ: 1 Piece
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- Highlight: **Inspected Precision CNC Machined Components** , **Aluminum Precision CNC Machined Components** , **Drawing Format Precision CNC Machined**

Product Description

Product Description:

Our CNC machined parts are produced to meet the exact specifications of our clients. We accept drawing formats such as PDF, DWG, IGS, STEP, and more, to ensure that we can work with our clients' preferred file formats. Our team of engineers and technicians ensure that the CNC-machined components are produced to the highest standards, with 100% inspection before shipment.
At our facility, we use the latest CNC machining technology to produce high-quality precision machined parts. Our state-of-the-art equipment and experienced team enable us to produce complex parts with tight tolerances. We use a range of materials such as aluminum, brass, stainless steel, and more, to provide our clients with a range of options for their CNC-machined components.
We also offer a range of surface treatments such as anodizing, plating, painting, and more, to ensure that the finished product meets our clients' requirements. Our team of experts can advise on the best surface treatment for each application, ensuring that the CNC-machined components are durable and long-lasting.
We understand that our clients need their CNC machined parts delivered quickly and efficiently. That is why we offer a range of delivery methods such as DHL, FedEx, UPS, and more, to ensure that the parts arrive at their destination on time and in excellent condition.
Our CNC-machined components are used in a range of applications, including the automotive, aerospace, medical, and more. We take pride in producing parts that meet the highest standards and are trusted by our clients to meet their exact requirements.

Features:

Product Name: CNC Machined Parts

Drawing Format: PDF, DWG, IGS, STEP, Etc.

MOQ: 1 Piece

Processing Method: CNC Machining, Turning, Milling, Etc.

Application: Automotive, Aerospace, Medical, Etc.

Surface Treatment: Anodizing, Plating, Painting, Etc.

Our CNC Machined Parts are precision machined parts made through computer-controlled machining. They are suitable for applications in industries such as automotive, aerospace, medical, and more. We can process these parts using CNC machining, turning, milling, and other methods. We also offer surface treatments such as anodizing, plating, painting, and more. We have a MOQ of 1 piece and accept drawing formats such as PDF, DWG, IGS, STEP, and more.

Technical Parameters:

Quality Control	100% Inspection Before Shipment
Application	Automotive, Aerospace, Medical, Etc.
Packaging	Standard Export Carton Or Customized
Material	Aluminum, Steel, Brass, Etc.
Processing Method	CNC Machining, Turning, Milling, Etc.
MOQ	1 Piece
Size	Customized
Lead Time	7-15 Days
Surface Treatment	Anodizing, Plating, Painting, Etc.
Tolerance	±0.01mm

Computer-controlled machining parts, Computer-aided machining parts, Numerically-controlled machining parts

Applications:

The CNC machined parts produced by Yuanwenyu are made in Guangdong, China, and are certified to meet the highest quality standards. The company has a minimum order quantity of 50 pieces, and the price ranges between $2.35 and $12.68 per piece depending on the product specifications. The parts are packed in EPE foam, anti-rust paper, stretch film, plastic bags, and cartons to ensure safe delivery to the clients' premises.
The delivery time for the CNC machined parts is one day, and clients can choose to pay using different payment terms that are acceptable to the company. Yuanwenyu has a supply ability of 1000000 Piece/Pieces per Month, and all products undergo 100% inspection before shipment to ensure they meet the clients' requirements.
The CNC machined parts produced by Yuanwenyu are customized to meet the clients' needs, and the drawing format used includes PDF, DWG, IGS, STEP, among others. The parts are ideal for use in different scenarios such as precision engineering, automotive components, aerospace components, medical devices, and many more.
In conclusion, Yuanwenyu is the go-to company for clients looking for high-quality CNC machined parts for use in various industries. The company has the expertise and experience needed to produce precision machined parts that meet the clients' needs. Whether it is for automotive, aerospace, or medical applications, Yuanwenyu has got you covered.

Customization:

Support and Services:

Our CNC Machined Parts are designed to be reliable and precise. We offer technical support and services to ensure that our customers are satisfied with their products. Our team of experts is available to answer any questions or concerns you may have about our CNC Machined Parts. We are committed to providing exceptional customer service and support.
