

## Anodized CNC Metal Parts Custom Machined Components with 100% Inspection

### Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

#### Product Specification

- Quality Control: 100% Inspection Before Shipment
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- OEM/ODM: Acceptable
- Packaging: Standard Export Carton Or Customized
- Delivery Method: DHL, FedEx, UPS, Etc.
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Tolerance:  $\pm 0.01\text{mm}$
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Highlight: **100% Inspection CNC Metal Parts, Anodized CNC Metal Parts**

## Product Description

### Product Description:

Our CNC Machined Parts come with various surface treatment options, including anodizing, plating, painting, and more. The surface treatment options enhance the appearance of the parts and improve their functionality. Our team of experts ensures that the surface treatment options are appropriately applied to guarantee the longevity and durability of the parts.

We offer standard export carton packaging for our CNC Machined Parts. However, we also provide customized packaging solutions upon request. Our packaging ensures that the parts are well-protected during transportation and handling. We understand the importance of delivering the parts to our customers in perfect condition.

Our CNC Machined Parts are suitable for different industrial applications, including the automotive, aerospace, medical, and other industries. We manufacture parts that meet the specific needs and requirements of our customers. Our team of engineers works closely with our customers to ensure that the parts we produce are of the highest quality.

We take pride in our efficient production process, which guarantees a lead time of 7-15 days. We understand the importance of timely delivery of CNC Machined Parts to our customers. Therefore, we have streamlined our production process to ensure that we deliver the parts within the shortest time possible.

We accept OEM/ODM orders for our CNC Machined Parts. Our team of experts is always ready to work with our customers to meet their specific needs and requirements. We have the capability to manufacture parts in large quantities while maintaining the highest quality standards.

### Features:

Product Name: CNC Machined Parts

Surface Treatment: Anodizing, Plating, Painting, Etc.

Packaging: Standard Export Carton Or Customized

Lead Time: 7-15 Days

Delivery Method: DHL, FedEx, UPS, Etc.

Size: Customized

Product Attributes: Computer-controlled machining parts, Computer-aided manufacturing parts, Computer-Numerically-Controlled parts

### Technical Parameters:

Technical Parameter	Description
Material	Aluminum, Steel, Brass, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Lead Time	7-15 Days
Delivery Method	DHL, FedEx, UPS, Etc.
OEM/ODM	Acceptable
Packaging	Standard Export Carton Or Customized
Size	Customized
Drawing Format	PDF, DWG, IGS, STEP, Etc.
MOQ	1 Piece
Tolerance	±0.01mm

### Applications:

Our Model Number 1X893 is a versatile product that can be customized according to your specific requirements. With our OEM services, we can manufacture parts according to your unique designs and specifications. We have a well-equipped production facility in Guangdong, China, where we use advanced machinery and tools to create parts that meet international quality standards.

Our CNC machined parts have various application occasions and scenarios. For instance, they are ideal for the automotive industry, where precision and durability are critical. Our parts can be used to create engine components, suspension systems, and other critical parts of a car.

In the aerospace industry, our CNC machined parts are used for creating components that require high accuracy and precision. These parts are used in aircraft engines, landing gear, and other critical components.

Our parts also have medical applications, where precision and accuracy are critical. We can manufacture parts for medical devices, surgical instruments, and other critical components.

Our CNC machined parts are also popular in the electronics industry, where they are used to create components for electronic devices. These parts can be used in smartphones, laptops, and other electronic devices.

We offer our CNC machined parts at competitive prices, ranging from \$2.35 to \$12.68 per piece. We have a minimum order quantity of 50 pieces, and we offer flexible payment terms and fast delivery.

We package our CNC machined parts using EPE foam, anti-rust paper, stretch film, plastic bags, and cartons. We also offer customized packaging options based on your requirements.

Our CNC machined parts are 100% inspected before shipment to ensure that they meet our high-quality standards. We use reliable

delivery methods, such as DHL, FedEx, and UPS, to ensure that our parts reach our clients on time.  
Lastly, we offer OEM and ODM services, where we can manufacture parts according to your unique designs and specifications.

### Customization:

**Product Customization Services for CNC Machined Parts**

**Brand Name:** yuanwenyu

**Model Number:** 1X893, OEM

**Place of Origin:** Guangdong, China

**Certification:** 1

**Minimum Order Quantity:** 50 pieces

**Price:** \$2.35 - \$12.68/piece

**Packaging Details:** EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton

**Delivery Time:** 1

**Payment Terms:** 1

**Supply Ability:** 1000000 Piece/Pieces per Month

**Processing Method:** CNC Machining, Turning, Milling, Etc.

**Quality Control:** 100% Inspection Before Shipment

**OEM/ODM:** Acceptable

**Lead Time:** 7-15 Days

**Drawing Format:** PDF, DWG, IGS, STEP, Etc.

We offer precision machined parts, numerically-controlled machining parts, and CNC-machined components. Our services are customizable to meet your specific needs and requirements.

### Support and Services:

Our CNC Machined Parts product is supported by a team of experienced technical support staff who are available to assist you with any questions or concerns you may have. Our services include:

Expert advice on product selection and usage

Assistance with troubleshooting and problem-solving

Recommendations for maintenance and repair

Training and education on product use and operation

We are committed to providing our customers with the highest level of service and support. Whether you need assistance with installation, operation, or maintenance, our team is here to help.
