

Precision Machined Metal Components Brass Anodized Parts for Various Applications

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Delivery Method: DHL, FedEx, UPS, Etc.
- Packaging: Standard Export Carton Or Customized
- Application: Automotive, Aerospace, Medical, Etc.
- Quality Control: 100% Inspection Before Shipment
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- Lead Time: 7-15 Days
- Highlight: **Brass Metal Components,
Precision Machined Metal Components**

Product Description

Product Description:

Our company offers customized CNC Machined Parts with a minimum order quantity (MOQ) of 1 piece. We understand that each project has unique requirements, so we work closely with our clients to provide tailor-made solutions that meet their specific needs. Our team of expert engineers and technicians use the latest CNC machines to produce high-quality parts with tight tolerances of ± 0.01 mm.

We accept drawings in various formats such as PDF, DWG, IGS, STEP, and others. Our state-of-the-art machines can work with various materials like aluminum, brass, stainless steel, plastic, and more. Whether it's a simple or complex part, we ensure that our CNC machining process produces parts with precision and consistency.

We also offer fast and reliable delivery options via DHL, FedEx, UPS, and other trusted carriers. Our goal is to provide our customers with a hassle-free experience, from the initial consultation to the final delivery of their CNC Machined Parts.

Overall, our CNC Machined Parts are the ideal solution for different industries such as aerospace, automotive, medical, and more. With our advanced technology and skilled workforce, we guarantee that we can deliver high-quality CNC-manufactured components that meet or exceed your expectations.

Features:

Product Name: CNC Machined Parts

Application: Automotive, Aerospace, Medical, Etc.

Packaging: Standard Export Carton Or Customized

Quality Control: 100% Inspection Before Shipment

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Processing Method: CNC Machining, Turning, Milling, Etc.

Computerized machining parts

Computer-aided machining parts

Numerically-controlled machining parts

Technical Parameters:

Size	Customized
Packaging	Standard Export Carton Or Customized
Lead Time	7-15 Days
Tolerance	± 0.01 mm
Delivery Method	DHL, FedEx, UPS, Etc.
Processing Method	CNC Machining, Turning, Milling, Etc.
OEM/ODM	Acceptable
Quality Control	100% Inspection Before Shipment
Surface Treatment	Anodizing, Plating, Painting, Etc.
MOQ	1 Piece

Applications:

Yuanwenyu is a well-known brand of computerized machining parts that offers high-quality CNC machined parts. The model number of our product is 1X893, which is available for OEM orders as well. Our manufacturing plant is located in Guangdong, China, and we have the necessary certification to ensure that our products meet the highest quality standards.

Our CNC machined parts are highly customizable, and we offer a minimum order quantity of 50 pieces. The price of our products ranges from \$2.35 to \$12.68 per piece, depending on the customization requirements. The packaging details of our products include EPE foam, anti-rust paper, stretch film, plastic bag + carton to ensure that the products reach the customers safely. Our delivery time is quick, and we accept various payment terms.

Our CNC machined parts are perfect for a variety of applications, including automotive, aerospace, medical, and many more. The products are highly precise and made with the latest technology, making them ideal for use in industries where precision is crucial. Our processing methods include CNC machining, turning, milling, and other computer-aided manufacturing parts. We provide OEM/ODM services, and we can customize the parts based on the customer's requirements.

We have a vast supply chain and can provide up to 1000000 pieces per month of our CNC machined parts. We have a flexible MOQ policy, and we accept orders for as low as 1 piece. The size of the parts can be customized based on the customer's requirements. Whether you need computerized machining parts for your automotive, aerospace, or medical applications, Yuanwenyu is the perfect choice. Our CNC machined parts are highly precise, customizable, and made with the latest technology. Contact us today to place your order!

Customization:

Our brand - yuanwenyu - provides high-quality CNC machined parts including computer-numerically-controlled parts, computer-controlled machining parts, and computerized numerical cutting parts. Our model number includes 1X893 and OEM. These parts are made in Guangdong, China and come with certification.

We require a minimum order quantity of 50 pieces and our prices range from \$2.35 to \$12.68 per piece. Our packaging details include EPE foam, anti-rust paper, stretch film, plastic bag, and carton. We have a delivery time of 1 and accept various payment terms.

We have a supply ability of 1000000 Piece/Pieces per month. Our processing method includes CNC machining, turning, milling, etc. We accept drawing formats such as PDF, DWG, IGS, STEP, etc. OEM/ODM is acceptable.

Our CNC machined parts are applicable in various industries such as automotive, aerospace, medical, etc. We ensure a tolerance of $\pm 0.01\text{mm}$ for our products.

Support and Services:

Our CNC Machined Parts are designed and manufactured to meet your specific requirements. We offer technical support and services to ensure that you are satisfied with the quality and performance of our products. Our team of experts is available to answer any questions you may have and provide assistance with installation, operation, and maintenance of our CNC machined parts. We also offer repair and replacement services to ensure that your equipment remains in top condition. Contact us for more information on our technical support and services.
