

High-Performance CNC Turning Milling Parts For Stainless Steel, Aluminum, Brass

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

Product Specification

- Drawing Format: PDF, IGS, STP, DWG, Etc.
- Processing Method: CNC Turning Milling
- Material: Stainless Steel, Aluminum, Brass, Etc.
- Product Size: Customized
- Application: Automotive, Aerospace, Etc.
- Package: Carton, Wooden Case, Etc.
- Shipping: Express, Air, Sea
- Lead Time: 7-15 Days
- Highlight: **High Performance CNC Turning Milling Parts, High Performance CNC Turning Milling Parts, Stainless Steel CNC Turning Milling Parts**

Product Description:

At our manufacturing facility, we use state-of-the-art CNC turning equipment to produce parts with precision and efficiency. Our CNC turning process is capable of producing complex parts with tight tolerances, making them ideal for a wide range of industries. We offer a variety of surface treatments for our CNC Turning Process Parts, including polishing, anodizing, zinc plating, and more. This ensures that your parts will not only meet your technical requirements but also look great and be protected against corrosion. With our flexible production capabilities, we are able to offer a low MOQ of just one piece, making it easy and affordable to order the exact number of CNC Turning Manufactured Parts you need. We also accept OEM/ODM orders, so you can get the customized parts you need for your specific application. When it comes to shipping, we offer a variety of options to meet your needs. Choose from express, air, or sea shipping to get your CNC Turning Manufacturing Parts to you quickly and affordably. Don't settle for anything less than the best when it comes to CNC Turning Process Parts. Trust our team of experts to deliver the high-quality parts you need for your industrial applications. Contact us today to learn more about our CNC Turning Manufactured Parts and to place your order.

Features:

Product Name: CNC Turning Milling Parts
Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
Lead Time: 7-15 Days
Application: Automotive, Aerospace, Etc.
Shipping: Express, Air, Sea
Processing Method: CNC Turning Milling
Features:
CNC Milling Fabricated Parts
CNC Turning Fabricated Parts
CNC Milling Manufactured Parts

Technical Parameters:

Drawing Format	PDF, IGS, STP, DWG, Etc.
Application	Automotive, Aerospace, Etc.
MOQ	1 Piece
OEM/ODM	Accept
Product Size	Customized
Shipping	Express, Air, Sea
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
Package	Carton, Wooden Case, Etc.
Processing Method	CNC Turning Milling
Advantage	High Precision, Fast Delivery, Etc.

Applications:

The CNC Turning Fabricated Parts are versatile and can be used in many different industries, including the medical, aerospace, automotive, and electronics industries. They are particularly useful in the production of precision components and complex assemblies, where accuracy and consistency are essential. Our CNC Milling Fabricated Parts have a range of surface treatments available, including polishing, anodizing, zinc plating, and more. This makes them ideal for use in a variety of environments, including those with high levels of moisture, heat, and corrosive substances. The ywy cnc202 CNC Turning Milling Parts are customized to suit your needs, with a range of sizes available to meet your specifications. They are supplied in bubble paper box packaging, making them easy to transport and store. The minimum order quantity is 1, and the price ranges from 0.68-6.68, making them an affordable option for businesses of all sizes. Our CNC Turning Fabricated Parts are processed using CNC Turning Milling, ensuring high levels of accuracy and consistency. They are supplied in a range of packaging options, including carton, wooden case, and more. Delivery times are typically 10-15 days, and we have a long-term supply ability to ensure that you always have the parts you need.

Customization:

Support and Services:

Our CNC Turning Milling Parts are designed to meet the highest standards of precision and quality. Our technical support team is available to assist with any questions or concerns regarding the use and maintenance of our products. We also offer a range of services, including installation, training, and repair, to ensure that our customers have a seamless experience with our products.

Packing and Shipping:

Product Packaging:

1. Each CNC turning milling part is packed in a plastic bag to protect it from scratches and dust.
2. Multiple parts are then placed in a small cardboard box with bubble wrap for added protection.
3. The small boxes are then placed in a larger shipping box with additional bubble wrap or packing peanuts.

Product Shipping:

1. We offer multiple shipping options, including standard ground, 2-day, and overnight delivery.
2. Shipping costs are calculated based on the weight and dimensions of the package, as well as the destination.
3. We ship domestically within the United States and internationally to select countries.
4. Once your order has shipped, you will receive a tracking number to track your package's delivery status.

FAQ:

Q1: What is the brand name of the CNC Turning Milling Parts?

A1: The brand name of the CNC Turning Milling Parts is ywy.

Q2: What is the model number of the CNC Turning Milling Parts?

A2: The model number of the CNC Turning Milling Parts is cnc202.

Q3: Where is the CNC Turning Milling Parts manufactured?

A3: The CNC Turning Milling Parts is manufactured in guangdonghuizhou.

Q4: What is the minimum order quantity for the CNC Turning Milling Parts?

A4: The minimum order quantity for the CNC Turning Milling Parts is 1.

Q5: What is the price range for the CNC Turning Milling Parts?

A5: The price range for the CNC Turning Milling Parts is between 0.68 to 6.68.

Q6: What is the packaging details of the CNC Turning Milling Parts?

A6: The CNC Turning Milling Parts is packaged using bubble paper box packaging.

Q7: How long does it take to deliver the CNC Turning Milling Parts?

A7: It takes 10-15 days to deliver the CNC Turning Milling Parts.

Q8: What is the supply ability of the CNC Turning Milling Parts?

A8: The supply ability of the CNC Turning Milling Parts is long-term.
