

±0.01mm Tolerance Custom Aluminum CNC Components for Industrial Applications

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- OEM/ODM: Acceptable
- Tolerance: ±0.01mm
- Material: Aluminum, Steel, Brass, Etc.
- MOQ: 1 Piece
- Application: Automotive, Aerospace, Medical, Etc.
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Lead Time: 7-15 Days
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Highlight: **±0.01mm Aluminum CNC Components, Custom Aluminum CNC Components, Industrial Applications Aluminum CNC Components**

Product Description

Product Description:

With a minimum order quantity of just 1 piece, you can order exactly what you need without worrying about any excessive inventory or waste. Our expert team of professionals is dedicated to providing you with the highest quality parts at the most affordable prices. Our CNC machined parts offer a tolerance of $\pm 0.01\text{mm}$, which ensures that they are made with the utmost accuracy and precision. This makes them ideal for use in a wide range of applications, including aerospace, automotive, and medical industries.

In addition to our precision machining capabilities, we also offer a variety of surface treatments to ensure that your parts look as good as they perform. We offer anodizing, plating, painting, and other surface treatments to give your parts the perfect finish.

When it comes to delivery, we offer a variety of options to ensure that your parts arrive on time and in perfect condition. We work with trusted carriers such as DHL, FedEx, and UPS to ensure that your parts are delivered quickly and efficiently.

Our CNC machined parts are also known as numerically-controlled machining parts or computer-aided machining parts. These terms describe the process by which our parts are made, using computer software to control the machining process. This ensures that each part is made with the same precision and accuracy every time.

No matter what your needs are, we are dedicated to providing you with the highest quality CNC machined parts available. Contact us today to learn more about our services and how we can help you with your next project.

Features:

Product Name: CNC Machined Parts

Processing Method: Precision machined parts, Numerically-controlled machining parts, Turning, Milling, Etc.

Packaging: Standard Export Carton Or Customized

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Tolerance: $\pm 0.01\text{mm}$

Quality Control: 100% Inspection Before Shipment

Technical Parameters:

Quality Control	100% Inspection Before Shipment
MOQ	1 Piece
Material	Aluminum, Steel, Brass, Etc.
Drawing Format	PDF, DWG, IGS, STEP, Etc.
OEM/ODM	Acceptable
Packaging	Standard Export Carton Or Customized
Delivery Method	DHL, FedEx, UPS, Etc.
Surface Treatment	Anodizing, Plating, Painting, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Size	Customized

This product is a CNC-manufactured component, also known as computer-aided manufacturing or computerized machining part.

Applications:

Our CNC machined parts are suitable for a broad range of product application occasions and scenarios. These parts are commonly used in the manufacturing of aerospace components, automotive parts, electronic devices, medical equipment, and much more.

Our CNC machined parts are available in various models, including the 1X893 model, and we also offer OEM services. Our products are made in Guangdong, China, and are certified for quality and durability.

The minimum order quantity for our CNC machined parts is 50 pieces, with a price range of \$2.35 - \$12.68 per piece. We use EPE foam, anti-rust paper, stretch film, and plastic bags to package our products before placing them in cartons for delivery.

We are committed to delivering our CNC machined parts to our customers' locations within the shortest time possible, with a delivery time of 1 day. We accept various payment terms and can deliver up to 1000000 pieces per month.

Our CNC machined parts are available in various sizes, and we offer OEM and ODM services to meet our clients' specific needs. We use surface treatments such as anodizing, plating, painting, and others to ensure that our products are of the highest quality possible. We also conduct 100% inspection before shipment to ensure that our customers receive only the best products from us.

Our CNC machined parts come in standard export cartons, but we can customize the packaging to suit the client's requirements. Contact us today to place your order for the best CNC machined parts in the market.

Customization:

Our products are certified and originate from Guangdong, China. We offer a minimum order quantity of 50 pieces at a price range of \$2.35 - \$12.68 per piece. Our packaging details include EPE foam, anti-rust paper, stretch film, plastic bag +carton. We deliver our products worldwide using DHL, FedEx, UPS, and other reliable delivery methods.

We ensure that all our products undergo 100% inspection before shipment. We also accept OEM/ODM customization services to meet

your specific requirements. With a supply ability of 1000000 Piece/Pieces per month, we guarantee quick delivery times within 1 week. For payment terms, we offer various options to choose from.

Support and Services:

Our CNC Machined Parts are designed to meet the highest standards of precision and quality. We offer technical support and services to help our customers get the most out of their CNC Machined Parts, including:

Consultations with our expert engineers to determine the best design and materials for your specific needs

Recommendations for optimal machining techniques and processes

Testing and inspection services to ensure that your CNC Machined Parts meet all necessary standards and requirements

Repair and maintenance services to keep your CNC Machined Parts in top condition

Customization and modification services to meet unique requirements or specifications

Our goal is to provide comprehensive support and services to our customers to ensure that they get the best possible performance and value from their CNC Machined Parts.

Packing and Shipping:

Product Packaging:

The CNC machined parts will be carefully packed and secured in boxes to prevent damage during transportation.

Each box will be labeled with the product name, quantity, and any necessary handling instructions.

Shipping:

Shipping will be arranged by the seller and the cost will be included in the product price.

The shipping method will be chosen based on the buyer's location and the expected delivery time.

The buyer will be provided with a tracking number to monitor the delivery of their package.

FAQ:

Q: What is the brand name of the CNC Machined Parts?

A: The brand name of the CNC Machined Parts is yuanwenyu.

Q: What is the minimum order quantity for the CNC Machined Parts?

A: The minimum order quantity for the CNC Machined Parts is 50 pieces.

Q: What is the price range for the CNC Machined Parts?

A: The price range for the CNC Machined Parts is between \$2.35 and \$12.68 per piece.

Q: What is the packaging detail for the CNC Machined Parts?

A: The packaging detail for the CNC Machined Parts includes EPE foam, anti-rust paper, stretch film, plastic bag, and carton.

Q: What is the delivery time for the CNC Machined Parts?

A: The delivery time for the CNC Machined Parts is dependent on the order size and complexity, but typically takes 1 week.

Q: Where are the CNC Machined Parts manufactured?

A: The CNC Machined Parts are manufactured in Guangdong, China.

Q: Is there a certification for the CNC Machined Parts?

A: Yes, the CNC Machined Parts have one certification.

Q: What is the payment term for the CNC Machined Parts?

A: The payment term for the CNC Machined Parts is dependent on the order size and complexity, but typically requires full payment upfront.

Q: What is the supply ability for the CNC Machined Parts?

A: The supply ability for the CNC Machined Parts is up to 1,000,000 pieces per month.
