

Customized CNC Machined Parts with Painting 100% Inspection Before Shipment

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Size: Customized
- Application: Automotive, Aerospace, Medical, Etc.
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Lead Time: 7-15 Days
- OEM/ODM: Acceptable
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Quality Control: 100% Inspection Before Shipment
- MOQ: 1 Piece
- Highlight: **CNC Machined Parts with Painting,
Customized CNC Machined Parts,
100% Inspection CNC Machined Parts**

Product Description

Product Description:

When it comes to the drawing format, we are able to work with a variety of file types including PDF, DWG, IGS, STEP, and more. This ensures that no matter what format your drawing is in, we are able to get the job done. Additionally, our size options are completely customizable. We understand that every project is unique, which is why we offer a range of sizing options to fit your specific needs. One of the key benefits of our CNC-machined parts is the high level of precision and accuracy that we are able to achieve. Our parts have a tolerance of $\pm 0.01\text{mm}$, which means that you can have confidence in the quality of the finished product. This level of precision also ensures that the parts will fit perfectly and function as intended.

Another benefit of working with us is our low MOQ. We understand that sometimes you only need one piece of a particular part, and we are happy to accommodate that. Whether you need one piece or thousands, we are able to provide you with the same level of quality and precision.

Overall, our CNC-machined components are a great choice for anyone looking for high-quality, precision parts. With a variety of materials, drawing formats, and sizing options, we are able to provide you with the perfect part for your project. Contact us today to learn more about how we can help you with your manufacturing needs.

Features:

Product Name: CNC Machined Parts

Processing Method: CNC Machining, Turning, Milling, Etc.

Drawing Format: PDF, DWG, IGS, STEP, Etc.

OEM/ODM: Acceptable

Size: Customized

Lead Time: 7-15 Days

Features:

Computer-aided manufacturing parts

CNC-manufactured components

Computer-aided machining parts

Technical Parameters:

Technical Parameters	Details
Application	Automotive, Aerospace, Medical, Etc.
Material	Aluminum, Steel, Brass, Etc.
MOQ	1 Piece
Delivery Method	DHL, FedEx, UPS, Etc.
Size	Customized
Processing Method	CNC Machining, Turning, Milling, Etc.
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Tolerance	$\pm 0.01\text{mm}$
Surface Treatment	Anodizing, Plating, Painting, Etc.
Packaging	Standard Export Carton Or Customized

Our Computer-Numerically-Controlled parts, Precision machined parts, and CNC-manufactured components are made to the highest standards in the industry.

Applications:

Automotive Industry

The automotive industry has a high demand for precision machined parts, and our CNC-machined components are suitable for various applications in this industry. Some of the parts that we produce include engine parts, suspension components, and transmission parts, among others. These computerized machining parts are made from durable materials such as aluminum, steel, and brass, ensuring that they can withstand the high temperatures and harsh conditions that they are exposed to.

Aerospace Industry

The aerospace industry requires high-precision parts that meet strict quality standards. Our CNC Machined Parts are ideal for aerospace applications, such as aircraft engine components, landing gear, and avionics. We use the latest technology and software to manufacture computer-aided machining parts that meet the stringent requirements of this industry.

Medical Industry

The medical industry requires components that are precise, durable, and biocompatible. Our CNC-machined components are suitable for various medical applications, such as surgical instruments, implants, and prosthetics. We use materials such as titanium and stainless steel, which are biocompatible and corrosion-resistant, ensuring that our computerized machining parts can withstand the harsh conditions of the medical environment.

Telecommunications Industry

The telecommunications industry requires precision parts that can withstand high frequencies and temperatures. Our CNC Machined Parts are suitable for various applications in this industry, such as antennas, connectors, and waveguides. We use surface treatments such as anodizing, plating, and painting to protect our computerized machining parts from corrosion and other environmental factors. Our CNC Machined Parts are available in customized sizes and can be manufactured from various materials, including aluminum, steel, and brass, among others. We accept drawing formats such as PDF, DWG, IGS, STEP, among others. Our products are certified and come with a minimum order quantity of 50 pieces. The price of our CNC-machined components ranges from \$2.35 - \$12.68/piece, depending on the specifications and quantity. We use packaging materials such as EPE foam, anti-rust paper, stretch film, and plastic bags to protect our products during transportation. We offer delivery within 1 day and payment terms that suit our customers' needs. With a supply ability of 1000000 Piece/Pieces per Month, we can meet our customers' demands promptly.

Customization:

Our CNC machined parts are customizable to meet your specific needs. As a brand, yuanwenyu offers computer-aided machining parts for Model Number 1X893 or OEM parts that are made in Guangdong, China. Our products are certified and have a minimum order quantity of 50 pieces with prices ranging from \$2.35 to \$12.68 per piece. The packaging details include EPE foam, anti-rust paper, stretch film, plastic bag, and carton. The delivery time and payment terms are negotiable. We have a supply ability of 1000000 Piece/Pieces per month. We offer surface treatments such as anodizing, plating, painting, etc., and our products have a tolerance of ± 0.01 mm. The packaging is customizable and we offer standard export cartons. Our products come in various sizes and can be customized according to your specific requirements. We accept drawing formats such as PDF, DWG, IGS, STEP, etc. for computer-controlled machining parts.

Support and Services:

Our CNC Machined Parts product comes with comprehensive technical support and services to ensure that you get the most out of your purchase. Our experienced technicians are on hand to answer any questions you may have and provide expert guidance on how to operate and maintain your equipment for optimal performance.

In addition to technical support, we also offer a range of services to help you get the most out of your CNC Machined Parts. Our services include installation, calibration, and training to ensure that your equipment is set up correctly and that you and your team are fully trained in its use.

Our goal is to provide you with the highest quality products and services to help you achieve your manufacturing goals. Contact us today to learn more about our CNC Machined Parts and how we can help you optimize your manufacturing processes.

Packing and Shipping:

Product Packaging:

Our CNC machined parts are carefully packaged to ensure safe delivery. Each part is wrapped in bubble wrap and placed in a sturdy cardboard box with additional padding for extra protection.

Shipping:

We offer worldwide shipping for our CNC machined parts. Shipping costs and delivery times may vary depending on your location. We use reputable carriers to ensure timely and safe delivery of your order. Once your order has been shipped, you will receive a tracking number to keep track of your package.

FAQ:

Q1: What is the brand name of the CNC Machined Parts?

A1: The brand name of the CNC Machined Parts is yuanwenyu.

Q2: What is the minimum order quantity for the CNC Machined Parts?

A2: The minimum order quantity for the CNC Machined Parts is 50 pieces.

Q3: What is the delivery time for the CNC Machined Parts?

A3: The delivery time for the CNC Machined Parts is 1 week.

Q4: What is the packaging for the CNC Machined Parts?

A4: The packaging for the CNC Machined Parts includes EPE foam, Anti-Rust Paper, Stretch Film, Plastic bag +Carton.

Q5: What is the price range for the CNC Machined Parts?

A5: The price range for the CNC Machined Parts is between \$2.35 to \$12.68 per piece, depending on the model number and whether it is OEM or not.
