

Anodizing CNC-manufactured Components Precision Manufacturing Processes

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Size: Customized
- Delivery Method: DHL, FedEx, UPS, Etc.
- Lead Time: 7-15 Days
- Tolerance: ± 0.01 mm
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- OEM/ODM: Acceptable
- Highlight: CNC-manufactured Components, Anodizing CNC-manufactured Components, Precision CNC-manufactured Components

Product Description

Product Description:

We accept drawings in various formats, including PDF, DWG, IGS, STEP, and more. This allows us to accommodate a wide range of customer needs and preferences. Our MOQ is 1 piece, so we can cater to both small and large orders.

Once we receive the drawing, we can produce the parts within 7-15 days, depending on the complexity and quantity of the order. We understand that time is of the essence, so we offer expedited production options for urgent orders.

Our delivery method is through trusted and reliable shipping carriers such as DHL, FedEx, UPS, and more. This ensures that the parts are delivered on time and in excellent condition.

We take pride in our packaging, which is a standard export carton that protects the parts during shipping. We can also provide customized packaging based on customer requirements.

Overall, our CNC Machined Parts are precision-made parts that are manufactured using state-of-the-art technology and equipment. Our ability to accept various drawing formats and cater to small and large orders makes us a reliable partner for your manufacturing needs.

Contact us today to learn more about our CNC Machined Parts and how we can help with your next project.

Features:

Product Name: CNC Machined Parts

Packaging: Standard Export Carton Or Customized

Delivery Method: DHL, FedEx, UPS, Etc.

Tolerance: $\pm 0.01\text{mm}$

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Processing Method: CNC Machining, Turning, Milling, Etc.

Features:

CNC-manufactured components

Computer-Numerically-Controlled parts

CNC-manufactured components

Technical Parameters:

Technical Parameter	Description
Product Name	Computer-aided machining parts
Delivery Method	DHL, FedEx, UPS, Etc.
Quality Control	100% Inspection Before Shipment
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Surface Treatment	Anodizing, Plating, Painting, Etc.
Material	Aluminum, Steel, Brass, Etc.
OEM/ODM	Acceptable
Processing Method	CNC Machining, Turning, Milling, Etc.
MOQ	1 Piece
Size	Customized
Product Name	Computer-aided manufacturing parts
Product Name	Computerized Numerical Cutting parts

Applications:

Our CNC machined components are versatile and can be used for a wide range of applications. Here are a few product application occasions and scenarios:

Automotive Industry:

Our precision machined parts are ideal for the automotive industry. They can be used in the manufacturing of engines, transmission systems, brakes, and steering systems. Our CNC machined components are made to withstand high temperatures and pressures, making them perfect for use in cars, trucks, and other vehicles.

Aerospace Industry:

The aerospace industry requires high-performance, lightweight components that can withstand extreme conditions. Our CNC machined parts are made from high-strength materials and can be customized to meet the specific needs of the aerospace industry. They can be used in the manufacturing of aircraft engines, landing gear, and other critical components.

Medical Industry:

Precision is critical in the medical industry, and our CNC machined parts deliver exactly that. Our components can be used in the manufacturing of medical devices, implants, and other critical components. They are made from biocompatible materials that meet the strict regulations of the medical industry.

Electronic Industry:

The electronic industry requires precision machined parts for the manufacturing of electronic devices. Our CNC machined components are made to exact specifications and can be used in the production of circuit boards, connectors, and other electronic components. Our CNC machined parts are available in a range of surface treatments, including anodizing, plating, painting, and more. They are manufactured using various processing methods, such as CNC machining, turning, and milling. We accept various drawing formats, including PDF, DWG, IGS, STEP, and more. Our products undergo 100% inspection before shipment to ensure the highest quality. We offer competitive prices for our CNC machined components, with prices ranging from \$2.35 - \$12.68 per piece. Our minimum order quantity is 50 pieces, and we offer flexible payment terms and delivery methods. Our products are packaged using EPE foam, anti-rust paper, stretch film, plastic bags, and cartons, and we offer fast delivery times to our customers.

Choose Yuanwenyu for all your precision machined parts needs. With a supply ability of up to 1000000 Piece/Pieces per Month, we are ready to meet your demands. Contact us today to learn more!

Customization:

Support and Services:

Our CNC Machined Parts product comes with comprehensive technical support and services to ensure that you get the most out of your purchase. Our team of trained professionals is available to answer any questions you may have regarding the product, its installation, and its maintenance. We offer on-site training and support to help you get started with the product and to ensure that you are using it correctly. In addition, we provide repair and maintenance services to keep your CNC Machined Parts product functioning at its best. Contact us for more information on our technical support and services.

Packing and Shipping:

Product Packaging:

All CNC machined parts will be carefully inspected and cleaned before being packaged.
Parts will be individually wrapped in bubble wrap to prevent any damage during shipping.
The parts will then be placed in a sturdy cardboard box with appropriate cushioning materials.
The box will be labeled with the product name, quantity, and any special handling instructions.

Shipping:

Shipping will be arranged through a reliable carrier with tracking information provided.
Customers can choose from standard or expedited shipping options.
The shipping cost will be calculated based on the weight and destination of the package.
International shipping is available with additional fees and customs clearance may be required.

FAQ:

Q1: What is the brand name of the CNC machined parts?

A1: The brand name of the CNC machined parts is yuanwenyu.

Q2: What is the minimum order quantity for the CNC machined parts?

A2: The minimum order quantity for the CNC machined parts is 50 pieces.

Q3: Where are the CNC machined parts produced?

A3: The CNC machined parts are produced in Guangdong, China.

Q4: What is the delivery time for the CNC machined parts?

A4: The delivery time for the CNC machined parts is 1 week.

Q5: What is the price range for the CNC machined parts?

A5: The price range for the CNC machined parts is \$2.35 - \$12.68 per piece, depending on the model number and quantity ordered.

Q6: What is the packaging of the CNC machined parts?

A6: The CNC machined parts are packaged with EPE foam, Anti-Rust Paper, Stretch Film, Plastic bag, and Carton.

Q7: What is the payment term for the CNC machined parts?

A7: The payment term for the CNC machined parts is negotiable.

Q8: Is the CNC machined parts product certified?

A8: Yes, the CNC machined parts product is certified.

Q9: What is the supply ability of the CNC machined parts product?

A9: The supply ability of the CNC machined parts product is 1000000 Piece/Pieces per Month.
