

## Precision Aluminum CNC Machining Service for Strict Drawing Specifications

### Our Product Introduction

For more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

#### Product Specification

- Packaging: Standard Export Carton Or Customized
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Lead Time: 7-15 Days
- Quality Control: 100% Inspection Before Shipment
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Size: Customized
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Tolerance:  $\pm 0.01\text{mm}$
- Highlight: Precision CNC Machining Service, Aluminum CNC Machining Service

## Product Description

### Product Description:

We offer a range of surface treatments that include anodizing, plating, painting, and more to meet your specific needs. Our team of experts can help you choose the best surface treatment for your CNC machined parts to ensure that they look great and perform well. Our CNC machining process uses computer-controlled cutting tools to create precise and accurate parts. This method of production allows us to create complex and intricate parts with ease. We also offer turning, milling, and other processing methods to ensure that we can create the parts you need.

We understand the importance of timely delivery, which is why we offer a range of delivery methods that include DHL, FedEx, UPS, and more. We can also customize our packaging to meet your specific needs, whether you need standard export cartons or something more customized.

Our Computer-Numerically-Controlled parts are perfect for a range of applications, including aerospace, automotive, medical, and more. Contact us today to learn more about how we can help you with your precision machined part needs.

### Features:

Product Name: CNC Machined Parts

OEM/ODM: Acceptable

Application: Automotive, Aerospace, Medical, Etc.

Tolerance:  $\pm 0.01\text{mm}$

Processing Method: CNC Machining, Turning, Milling, Etc.

Lead Time: 7-15 Days

Our Computer-Numerically-Controlled parts, Numerically-controlled machining parts, and Computer-aided manufacturing parts are precision-engineered to meet the highest standards of quality. With our state-of-the-art CNC machining, turning, and milling processes, we can produce parts with tolerances as tight as  $\pm 0.01\text{mm}$ . Whether you're in the automotive, aerospace, medical, or any other industry, we can manufacture the parts you need quickly and accurately. With OEM/ODM services available, we can customize our CNC Machined Parts to suit your unique requirements.

### Technical Parameters:

Product Name	Computerized Numerical Cutting parts
MOQ	10 Piece
Size	Customized
Lead Time	7-15 Days
Material	Aluminum, Steel, Brass, Etc.
Quality Control	100% Inspection Before Shipment
Surface Treatment	Anodizing, Plating, Painting, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Delivery Method	DHL, FedEx, UPS, Etc.
Processing Method	CNC Machining, Turning, Milling, Etc.
OEM/ODM	Acceptable

### Applications:

Our CNC machined parts are suitable for a variety of applications in different industries, including automotive, aerospace, medical, and more. Here are some examples of the occasions and scenarios where our products can be used:

**Automotive:** Our CNC machined parts can be used in the production of vehicles, including engine parts, suspension components, and more. They are also used in the manufacturing of racing cars and motorcycles.

**Aerospace:** Our precision CNC machined parts are used in the production of aircraft, rockets, and satellites. They are used in the manufacturing of critical components such as landing gear, engine parts, and more.

**Medical:** Our CNC machined parts are used in the manufacturing of medical devices and equipment. They are used in the production of surgical instruments, dental tools, and more.

**Other Applications:** Our CNC machined parts are used in a variety of other industries, such as telecommunications, electronics, and more. They are used in the production of components such as antennas, connectors, and more.

Our CNC machined parts are customized to meet the specific requirements of our customers. We offer 100% inspection before shipment to ensure that our products meet the highest quality standards.

Our minimum order quantity is 50 pieces, and our prices range from \$2.35 to \$12.68 per piece, depending on the material, size, and quantity ordered. We offer various packaging options, including EPE foam, Anti-Rust Paper, Stretch Film, and Plastic bag + Carton.

We offer fast delivery times, with a delivery time of 1 day and supply ability of 1000000 pieces per month. We accept various payment terms and offer delivery methods such as DHL, FedEx, UPS, and more.

## Customization:

## Support and Services:

Our team of experts can provide assistance with installation, troubleshooting, and maintenance to help keep your machines running smoothly. We also offer customization services to meet specific customer needs and requirements.

Our commitment to customer satisfaction means that we are always available to answer questions and provide support, ensuring that our customers receive the highest level of service.

## Packing and Shipping:

Product Packaging:

All CNC machined parts will be securely packaged in boxes or crates to ensure safe transportation.

Each part will be individually wrapped to prevent any damage during shipment.

Labels will be affixed to each package indicating the contents and any special handling instructions.

Shipping:

Shipping will be arranged by the customer or by the seller, depending on the customer's preference.

Standard shipping methods will be used, such as ground or air transportation.

Shipping costs will be calculated based on the weight and size of the package, as well as the shipping destination.

The customer will be notified of the shipping details, including the tracking number, once the package has been shipped.

## FAQ:

What is the Brand Name of the CNC Machined Parts?

The Brand Name of the CNC Machined Parts is yuanwenyu.

What is the Model Number of the CNC Machined Parts?

The Model Number of the CNC Machined Parts is 1X893, OEM.

Where are the CNC Machined Parts made?

The CNC Machined Parts are made in Guangdong, China.

What is the Minimum Order Quantity for the CNC Machined Parts?

The Minimum Order Quantity for the CNC Machined Parts is 50 pieces.

What is the price range for the CNC Machined Parts?

The price range for the CNC Machined Parts is \$2.35 - \$12.68/piece.

What is the Packaging Details for the CNC Machined Parts?

The Packaging Details for the CNC Machined Parts are EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton.

What is the Delivery Time for the CNC Machined Parts?

The Delivery Time for the CNC Machined Parts is 1.

What are the Payment Terms for the CNC Machined Parts?

The Payment Terms for the CNC Machined Parts are 1.

What is the Supply Ability for the CNC Machined Parts?

The Supply Ability for the CNC Machined Parts is 1000000 Piece/Pieces per Month.

What is the Certification for the CNC Machined Parts?

The Certification for the CNC Machined Parts is 1.
