

Anodized CNC Turning And Milling Parts for Fast Shipping and Express Delivery

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

Product Specification

- Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
- OEM/ODM: Accept
- MOQ: 1 Piece
- Drawing Format: PDF, IGS, STP, DWG, Etc.
- Application: Automotive, Aerospace, Etc.
- Shipping: Express, Air, Sea
- Processing Method: CNC Turning Milling
- Material: Stainless Steel, Aluminum, Brass, Etc.

Product Description:

The CNC Turning Milling Parts offered by our company are precision-engineered components designed for a wide range of applications in various industries. These custom CNC turning parts are manufactured with high precision and quality to meet the specific requirements of our customers.

Package: Our CNC turning milling parts are carefully packaged to ensure safe delivery to our customers. We offer packaging options such as carton, wooden case, etc., based on the specific needs and preferences of our clients.

Application: These CNC turning and milling parts are versatile and can be used in a variety of industries including automotive, aerospace, and many others. They are designed to withstand the rigors of demanding applications and provide reliable performance under challenging conditions.

Drawing Format: We accept a wide range of drawing formats for our CNC turning milling parts including PDF, IGS, STP, DWG, and more. This flexibility allows our customers to provide their designs in the format that is most convenient for them, ensuring smooth communication and accurate production.

OEM/ODM: We offer OEM and ODM services for our CNC turning milling parts, allowing customers to customize their components according to their specific requirements. Our team of skilled engineers and technicians work closely with clients to ensure that the final product meets their exact specifications and quality standards.

Tolerance: Our CNC turning milling parts are manufactured with high precision and accuracy, with a tolerance of $\pm 0.01\text{mm}$. This level of precision ensures that the components meet the tight tolerances required for their intended applications, providing consistent and reliable performance.

Whether you are looking for custom CNC turning parts for your automotive, aerospace, or other industrial applications, our CNC turning and milling parts are the ideal solution. With a focus on quality, precision, and customization, we are committed to delivering products that meet the highest standards of excellence.

Features:

Product Name: CNC Turning Milling Parts
Drawing Format: PDF, IGS, STP, DWG, Etc.
MOQ: 1 Piece
Processing Method: CNC Turning Milling
Shipping: Express, Air, Sea
Application: Automotive, Aerospace, Etc.

Technical Parameters:

Tolerance	$\pm 0.01\text{mm}$
MOQ	1 Piece
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
Material	Stainless Steel, Aluminum, Brass, Etc.
Product Size	Customized
Lead Time	7-15 Days
Application	Automotive, Aerospace, Etc.
Drawing Format	PDF, IGS, STP, DWG, Etc.
Processing Method	CNC Turning Milling
OEM/ODM	Accept

Applications:

When it comes to CNC Machining Turning Parts, the ywy cnc202 product from guangdonghuizhou is a reliable choice with its high precision and fast delivery advantage. This product is suitable for a variety of application occasions and scenarios across different industries.

In the automotive sector, the CNC Turning Milling Parts can be used for manufacturing components such as engine parts, transmission parts, and braking systems. The high precision of the parts ensures optimal performance and safety in vehicles. Moreover, the fast delivery time of 10-15 days makes it convenient for automotive manufacturers to meet their production deadlines.

For the aerospace industry, the CNC Metal Machining Parts are essential for producing aircraft components that require strict adherence to tolerances and quality standards. The CNC Turning Machining Parts offer the precision needed for critical aerospace applications, ensuring reliability and performance in the skies.

Other application scenarios where the ywy cnc202 product excels include the medical industry, where precision parts are needed for equipment and devices, and the electronics industry, where intricate components are essential for electronic devices.

With a minimum order quantity of 1 and a price range of 0.68-6.68, the CNC Turning Milling Parts are accessible for both small-scale and large-scale production needs. The packaging details include bubble paper box packaging, ensuring that the parts are protected during transit.

Supported by a long-term supply ability, customers can rely on a consistent availability of the product for their ongoing projects. The

product accepts drawing formats such as PDF, IGS, STP, DWG, etc., making it versatile and compatible with various design requirements.
Whether packaged in cartons, wooden cases, or other suitable materials, the ywy CNC Turning Milling Parts are ready to meet diverse industry needs with their superior quality, precision, and fast delivery.

Customization:

Product Customization Services for CNC Turning Milling Parts: -----

Brand Name: ywy
Model Number: cnc202
Place of Origin: guangdonghuizhou
Minimum Order Quantity: 1
Price: 0.68-6.68
Packaging Details: Bubble paper box packaging
Delivery Time: 10-15
Supply Ability: long-term
Processing Method: CNC Turning Milling
Package: Carton, Wooden Case, Etc.
Advantage: High Precision, Fast Delivery, Etc.
Shipping: Express, Air, Sea
Drawing Format: PDF, IGS, STP, DWG, Etc.

Support and Services:

Our Product Technical Support team is dedicated to providing assistance with any issues or questions related to the CNC Turning Milling Parts product. We offer a range of services to ensure your satisfaction, including troubleshooting, maintenance tips, and product recommendations.

Packing and Shipping:

Product Packaging:

Our CNC turning milling parts are carefully packaged to ensure safe delivery. Each part is wrapped in protective material and placed in a sturdy cardboard box to prevent any damage during transit. We take great care in packaging our products to guarantee they arrive in perfect condition.

Shipping Information:

We offer fast and reliable shipping for all orders of our CNC turning milling parts. Once your order is placed, our team works quickly to process and pack your items for shipment. We partner with trusted courier services to ensure your parts are delivered to your doorstep in a timely manner. You will receive a tracking number to monitor the status of your shipment.

FAQ:

Q: What is the Brand Name of the CNC Turning Milling Parts?

A: The Brand Name is ywy.

Q: What is the Model Number of the CNC Turning Milling Parts?

A: The Model Number is cnc202.

Q: Where is the Place of Origin for the CNC Turning Milling Parts?

A: The Place of Origin is guangdonghuizhou.

Q: What is the Minimum Order Quantity for the CNC Turning Milling Parts?

A: The Minimum Order Quantity is 1.

Q: What is the Price range for the CNC Turning Milling Parts?

A: The Price ranges from 0.68 to 6.68.

Q: How are the CNC Turning Milling Parts packaged?

A: The parts are packaged in Bubble paper box packaging.

Q: What is the Delivery Time for the CNC Turning Milling Parts?

A: The Delivery Time is 10-15 days.

Q: What is the Supply Ability for the CNC Turning Milling Parts?

A: The Supply Ability is long-term.
