

Brass CNC Turning Milling Parts with High Precision Accepting OEM/ODM

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

Product Specification

- Product Size: Customized
- Processing Method: CNC Turning Milling
- Drawing Format: PDF, IGS, STP, DWG, Etc.
- Lead Time: 7-15 Days
- Package: Carton, Wooden Case, Etc.
- Shipping: Express, Air, Sea
- Application: Automotive, Aerospace, Etc.
- Tolerance: $\pm 0.01\text{mm}$

Product Description:

If you are in need of high-quality CNC Turn Mill Parts, look no further than our CNC Turning Milling Parts. These precision components are expertly crafted using advanced CNC turning milling techniques to meet your exact specifications.

Our CNC Turning Milling Parts offer a range of surface treatment options to ensure the desired finish for your project. Whether you require polishing for a smooth surface, anodizing for enhanced durability, or zinc plating for corrosion resistance, we have you covered. When it comes to drawing formats, we accept PDF, IGS, STP, DWG, and more, making it easy for you to provide your designs in the format most convenient for you.

One of the key advantages of our CNC Turning Milling Parts is their high precision. With our state-of-the-art equipment and skilled technicians, we can achieve tight tolerances and intricate details to meet the most demanding requirements of your project.

In addition to high precision, we pride ourselves on offering fast delivery times for our CNC Turn Mill Parts. We understand the importance of timely production, and our efficient processes allow us to deliver your parts quickly without compromising on quality.

Our MOQ (Minimum Order Quantity) for CNC Turning Milling Parts is just 1 piece, making it easy for you to order the exact quantity you need without being tied to large volume requirements.

When it comes to processing methods, our CNC Turning Milling Parts are manufactured using CNC turning and milling techniques. This combination of processes allows us to create complex shapes and features with high accuracy and consistency.

Whether you need CNC Turn Mill Parts for prototyping, production runs, or custom projects, our CNC Turning Milling Parts are the ideal solution. Contact us today to discuss your requirements and experience the precision and quality of our CNC Turning Machining Parts.

Features:

Product Name: CNC Turning Milling Parts -----

Product Size: Customized

OEM/ODM: Accept

Processing Method: CNC Turning Milling

Tolerance: ±0.01mm

Drawing Format: PDF, IGS, STP, DWG, Etc.

Technical Parameters:

Shipping	Express, Air, Sea
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
OEM/ODM	Accept
Drawing Format	PDF, IGS, STP, DWG, Etc.
Package	Carton, Wooden Case, Etc.
Lead Time	7-15 Days
Material	Stainless Steel, Aluminum, Brass, Etc.
Advantage	High Precision, Fast Delivery, Etc.
Tolerance	±0.01mm
MOQ	1 Piece

Applications:

CNC Turning Milling Parts by ywy are versatile and high-quality components suitable for a variety of applications across different industries. With the model number cnc202, these precision parts are manufactured in guangdonghuizhou, ensuring top-notch quality and reliability.

These CNC Turning Milling Parts can be used in diverse scenarios, making them a valuable asset in the automotive industry. From engine components to transmission parts, these CNC metal machining parts offer exceptional performance and durability. The ±0.01mm tolerance ensures precise fit and function, making them ideal for critical automotive applications.

In the aerospace sector, the CNC machining metal parts from ywy prove to be indispensable. Their customized size and CNC turning milling processing method make them perfect for aerospace components that demand high precision and reliability. The CNC Turning Machining Parts are capable of withstanding the rigorous demands of aerospace applications, ensuring safety and performance.

Whether it's for automotive, aerospace, or other industries, these CNC Turning Milling Parts offer a wide range of applications. The packaging details include bubble paper box packaging, providing secure transportation and storage. Customers can order as low as 1 unit, with prices ranging from 0.68 to 6.68, making them cost-effective for various project sizes.

With a delivery time of 10-15 days and long-term supply ability, ywy ensures that customers receive their CNC Turning Milling Parts promptly and consistently. The packaging options, such as carton or wooden case, cater to different shipping needs, further enhancing the convenience for customers.

Overall, ywy's CNC Turning Milling Parts are a reliable choice for industries requiring precision components. Their customizable size, high tolerance, and CNC turning milling processing method make them versatile and suitable for a wide range of applications, providing exceptional value and performance.

Customization:

Product Customization Services for CNC Turning Milling Parts: -----

Brand Name: ywy
Model Number: cnc202
Place of Origin: guangdonghuizhou
Minimum Order Quantity: 1
Price: 0.68-6.68
Packaging Details: Bubble paper box packaging
Delivery Time: 10-15
Supply Ability: long-term
Product Size: Customized
Drawing Format: PDF, IGS, STP, DWG, Etc.
Material: Stainless Steel, Aluminum, Brass, Etc.
Tolerance: $\pm 0.01\text{mm}$
MOQ: 1 Piece

Support and Services:

Our Product Technical Support and Services for the CNC Turning Milling Parts include: -----

- Assistance with installation and setup of the CNC Turning Milling Parts.
- Troubleshooting guidance for any technical issues that may arise.
- Provision of user manuals and documentation for reference.
- Training sessions for operators on how to use the CNC Turning Milling Parts efficiently.
- Regular maintenance and servicing to ensure optimal performance of the equipment.

Packing and Shipping:

Product Packaging:

Our CNC turning milling parts are carefully packaged to ensure they arrive safely to your doorstep. Each part is wrapped in protective material and placed in a sturdy box to prevent any damage during transit.

Shipping:

We offer reliable shipping options for our CNC turning milling parts. Once your order is processed, we will ship it out promptly using a trusted carrier to deliver your parts in a timely manner. You can track your shipment and expect it to arrive on schedule.

FAQ:

Q: What is the Brand Name of the CNC Turning Milling Parts product? -----

A: The Brand Name is ywy.

Q: What is the Model Number of the CNC Turning Milling Parts product?

A: The Model Number is cnc202.

Q: Where is the Place of Origin for the CNC Turning Milling Parts product?

A: The Place of Origin is guangdonghuizhou.

Q: What is the Minimum Order Quantity for the CNC Turning Milling Parts product?

A: The Minimum Order Quantity is 1.

Q: What is the Price range for the CNC Turning Milling Parts product?

A: The Price range is from 0.68 to 6.68.

Q: How are the CNC Turning Milling Parts packaged?

A: The CNC Turning Milling Parts are packaged in Bubble paper box packaging.

Q: What is the Delivery Time for the CNC Turning Milling Parts product?

A: The Delivery Time is 10-15 days.

Q: What is the Supply Ability for the CNC Turning Milling Parts product?

A: The Supply Ability is long-term.
