

High Precision Aluminum CNC Turning Milling Parts with STP Drawing Format and Tolerance of $\pm 0.01\text{mm}$

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

Product Specification

- Advantage: High Precision, Fast Delivery, Etc.
- OEM/ODM: Accept
- MOQ: 1 Piece
- Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
- Tolerance: $\pm 0.01\text{mm}$
- Material: Stainless Steel, Aluminum, Brass, Etc.
- Package: Carton, Wooden Case, Etc.
- Drawing Format: PDF, IGS, STP, DWG, Etc.
- Highlight: **High Precision CNC Parts, Aluminum Milling Components**

Product Description

Product Description:

When it comes to precision engineering and custom manufacturing solutions, our CNC Turning Milling Parts are the ideal choice for a wide range of applications. These parts are designed to meet the highest standards of quality and accuracy, making them essential components for various industries.

Our Custom CNC Turning Parts are crafted with precision and expertise to ensure optimal performance and durability. Whether you require complex components or simple parts, our CNC machining capabilities can accommodate your specific needs.

With a minimum order quantity of just 1 piece, our CNC Turning Milling Parts offer flexibility and cost-effectiveness for both small-scale projects and large production runs. This low MOQ requirement enables you to order only the quantity you need, reducing excess inventory and saving on storage costs.

Shipping options for our CNC Turning Milling Parts include Express, Air, and Sea freight, providing you with the flexibility to choose the most suitable delivery method based on your timeline and budget. Whether you need expedited shipping for urgent orders or cost-effective sea freight for bulk shipments, we have you covered.

The Product Size of our CNC Turning Milling Parts is fully customized to meet your exact specifications. Whether you require small, intricate parts or large components, we can tailor the size and dimensions to fit your unique requirements. Our precision machining capabilities ensure that each part is manufactured with accuracy and consistency.

With a lead time of 7-15 days, our CNC Turning Milling Parts offer quick turnaround times without compromising on quality. Whether you have a tight production schedule or a deadline to meet, our efficient manufacturing process ensures that your parts are delivered on time, every time.

Our CNC Turning Milling Parts are crafted from a variety of high-quality materials, including Stainless Steel, Aluminum, Brass, and more. These materials are chosen for their durability, strength, and corrosion resistance, making them ideal for a wide range of applications across industries.

Whether you need Custom CNC Turning Parts for aerospace, automotive, or industrial applications, our CNC machining metal parts are designed to meet the stringent requirements of modern manufacturing. With precision engineering and advanced technology, our parts deliver exceptional performance and reliability.

Features:

Product Name: CNC Turning Milling Parts

Lead Time: 7-15 Days

Advantage: High Precision, Fast Delivery, Etc.

MOQ: 1 Piece

Material: Stainless Steel, Aluminum, Brass, Etc.

Product Size: Customized

Technical Parameters:

Tolerance	±0.01mm
Package	Carton, Wooden Case, Etc.
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
Material	Stainless Steel, Aluminum, Brass, Etc.
Processing Method	CNC Turning Milling
Product Size	Customized
Drawing Format	PDF, IGS, STP, DWG, Etc.
Advantage	High Precision, Fast Delivery, Etc.
OEM/ODM	Accept
Lead Time	7-15 Days

Applications:

CNC Turning Milling Parts by ywy are versatile components that find applications in a wide range of industries and scenarios. These precision-engineered parts, with the model number cnc202, are manufactured in guangdonghuizhou and are designed to meet the highest standards of quality and performance.

The product is suitable for various occasions and scenarios where CNC Machining Metal Parts are required. With a minimum order quantity of 1 piece and a price range of 0.68-6.68, these parts are accessible for both small-scale and large-scale projects. The packaging details include bubble paper box packaging, ensuring that the parts are delivered safely to the customers.

Thanks to the fast delivery time of 10-15 days and a long-term supply ability, customers can rely on ywy for timely and consistent product availability. The advantage of High Precision ensures that the CNC Turning Milling Parts meet the exact specifications and requirements of the application.

Whether it's for prototyping, production runs, or custom projects, these CNC Machining Turning Parts offer a high level of precision and reliability. The acceptance of OEM/ODM orders further enhances the versatility of these parts, making them suitable for a wide range of

applications.

Surface treatments such as Polishing, Anodizing, and Zinc Plating can be applied to these parts based on the specific needs of the project. The CNC Turning Milling Parts are manufactured using advanced processing methods, ensuring consistency and accuracy in every piece produced.

Customization:

Product Customization Services for CNC Turning Milling Parts:

- Brand Name: ywy
- Model Number: cnc202
- Place of Origin: guangdonghuizhou
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term
- Package: Carton, Wooden Case, Etc.
- Product Size: Customized
- Shipping: Express, Air, Sea
- Advantage: High Precision, Fast Delivery, Etc.
- Material: Stainless Steel, Aluminum, Brass, Etc.

Support and Services:

Our Product Technical Support and Services for the CNC Turning Milling Parts include:

- Expert assistance with installation and setup of the CNC Turning Milling Parts
- Troubleshooting guidance for any technical issues that may arise
- Training resources to help users maximize the capabilities of the CNC Turning Milling Parts
- Regular maintenance recommendations to ensure optimal performance

Packing and Shipping:

Product Packaging:

Our CNC turning milling parts are carefully packaged to ensure safe delivery. Each part is wrapped in protective material and placed in a sturdy box to prevent any damage during transit.

Shipping Information:

We offer various shipping options to meet your needs. Standard shipping typically takes 3-5 business days, while expedited shipping can deliver your order in 1-2 business days. Once your order is processed, you will receive a tracking number to monitor the status of your shipment.

FAQ:

Q: What is the Brand Name of the CNC Turning Milling Parts?

A: The Brand Name is ywy.

Q: What is the Model Number of the CNC Turning Milling Parts?

A: The Model Number is cnc202.

Q: Where is the Place of Origin for the CNC Turning Milling Parts?

A: The Place of Origin is guangdonghuizhou.

Q: What is the Minimum Order Quantity for the CNC Turning Milling Parts?

A: The Minimum Order Quantity is 1.

Q: What are the Packaging Details for the CNC Turning Milling Parts?

A: The Packaging Details include Bubble paper box packaging.
