

Precision CNC Turning Milling Parts For Complex Component Manufacturing OEM/ODM With STP Drawing Format

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

Product Specification

- Material: Stainless Steel, Aluminum, Brass, Etc.
- OEM/ODM: Accept
- Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
- Drawing Format: PDF, IGS, STP, DWG, Etc.
- Tolerance: $\pm 0.01\text{mm}$
- Application: Automotive, Aerospace, Etc.
- Shipping: Express, Air, Sea
- Advantage: High Precision, Fast Delivery, Etc.
- Highlight: **ODM CNC Turning Milling Parts,
Precision CNC Milling Parts,
Precision CNC Turning Milling Parts**

Product Description

Product Description:

CNC Turning Milling Parts are precision components manufactured through the process of CNC machining. These parts are essential in various industries such as automotive, aerospace, electronics, and more. With advanced technology and skilled craftsmanship, these CNC Turning Milling Parts offer high precision and quality performance.

The MOQ for CNC Turning Milling Parts is set at 1 piece, making it suitable for both large-scale production runs and prototyping purposes. Customers can order individual pieces or bulk quantities as per their requirements.

When it comes to shipping options, customers have the flexibility to choose from Express, Air, or Sea delivery methods. This ensures that the CNC Turning Milling Parts reach their destination in a timely and cost-effective manner, catering to different project timelines and budget constraints.

Surface treatment plays a crucial role in enhancing the durability and aesthetics of CNC Turning Milling Parts. Various options such as Polishing, Anodizing, Zinc Plating, and more are available to customize the appearance and properties of the parts based on specific application needs.

For packaging, CNC Turning Milling Parts can be safely stored and transported in Carton, Wooden Case, or other suitable packaging materials. This ensures that the parts remain protected during transit and storage, minimizing the risk of damage or contamination.

One of the key advantages of CNC Turning Milling Parts is their high precision manufacturing process. Through CNC machining technology, these parts are produced with tight tolerances and accurate dimensions, meeting the stringent quality standards required in various industries.

Fast delivery is another notable advantage of CNC Turning Milling Parts. With efficient production processes and streamlined logistics, customers can expect quick turnaround times for their orders, allowing them to meet project deadlines and production schedules effectively.

In conclusion, CNC Turning Milling Parts offer a reliable solution for industries requiring precision metal components. With their high precision, various surface treatment options, and flexible shipping and packaging choices, these parts cater to a wide range of applications and project needs.

Features:

Product Name: CNC Turning Milling Parts

OEM/ODM: Accept

Product Size: Customized

Shipping: Express, Air, Sea

MOQ: 1 Piece

Processing Method: CNC Turning Milling

Technical Parameters:

| | |
|-------------------|--|
| MOQ | 1 Piece |
| Application | Automotive, Aerospace, Etc. |
| Product Size | Customized |
| Material | Stainless Steel, Aluminum, Brass, Etc. |
| Package | Carton, Wooden Case, Etc. |
| Drawing Format | PDF, IGS, STP, DWG, Etc. |
| Shipping | Express, Air, Sea |
| Processing Method | CNC Turning Milling |
| Lead Time | 7-15 Days |
| Advantage | High Precision, Fast Delivery, Etc. |

Applications:

When it comes to CNC Turning Milling Parts, the ywy cnc202 product from guangdonghuizhou is a top choice for various application occasions and scenarios. Whether it's for automotive, aerospace, or other industries, these Custom CNC Turning Parts offer precision and reliability in every use.

The ywy cnc202 parts are designed to meet the high demands of industries where CNC Turning Milling is essential for manufacturing processes. With a minimum order quantity of 1 and a price range from 0.68 to 6.68, these parts are accessible for both small and large-scale projects.

Thanks to the long-term supply ability, customers can rely on ywy for consistent quality and availability of CNC202 parts. The Bubble paper box packaging ensures that the parts are well-protected during shipping, whether by Express, Air, or Sea.

With a lead time of 7-15 days, customers can expect quick delivery of their orders. The ywy cnc202 parts support various drawing formats such as PDF, IGS, STP, DWG, making them compatible with different design requirements.

Whether you are in the automotive or aerospace industry, these CNC Turning Milling Parts are versatile and suitable for a wide range of applications. The precision and quality of the parts make them a reliable choice for any project that requires CNC Turning Milling.

technology.

Customization:

Product Customization Services for the CNC Turning Milling Parts:

- Brand Name: ywy
- Model Number: cnc202
- Place of Origin: guangdonghuizhou
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term
- Application: Automotive, Aerospace, Etc.
- Shipping: Express, Air, Sea
- Package: Carton, Wooden Case, Etc.
- Material: Stainless Steel, Aluminum, Brass, Etc.
- Tolerance: $\pm 0.01\text{mm}$

Support and Services:

Our CNC Turning Milling Parts product comes with comprehensive technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to assist with any product-related inquiries, troubleshooting, and maintenance needs. Additionally, we provide training programs to help maximize the efficiency and productivity of your CNC Turning Milling Parts. Contact us for more information on our product support and services.

Packing and Shipping:

Product Packaging:

Our CNC turning milling parts are carefully packaged to ensure they arrive safely and in perfect condition. Each part is wrapped in protective material to prevent any damage during transit. The parts are then placed in a sturdy box with additional padding to absorb any shocks or impacts.

Shipping:

We offer fast and reliable shipping options for our CNC turning milling parts. Depending on your location, we use trusted carriers to deliver your order promptly. You can track your shipment and receive updates on the delivery status. We take great care in handling and shipping your parts to ensure they reach you in a timely manner.

FAQ:

Q: What is the brand name of the CNC Turning Milling Parts?

A: The brand name is ywy.

Q: What is the model number of the CNC Turning Milling Parts?

A: The model number is cnc202.

Q: Where is the place of origin for these parts?

A: The place of origin is guangdonghuizhou.

Q: What is the minimum order quantity for the CNC Turning Milling Parts?

A: The minimum order quantity is 1.

Q: What are the packaging details for these parts?

A: The parts are packaged in bubble paper box packaging.

Q: What is the price range for the CNC Turning Milling Parts?

A: The price ranges from 0.68 to 6.68.

Q: What is the delivery time for the CNC Turning Milling Parts?

A: The delivery time is 10-15 days.

Q: What is the supply ability for the CNC Turning Milling Parts?

A: The supply ability is long-term.
