

High Precision CNC Turning Milling Processing Method for CNC Machining Metal Parts

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

Product Specification

- Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
- Product Size: Customized
- Advantage: High Precision, Fast Delivery, Etc.
- Material: Stainless Steel, Aluminum, Brass, Etc.
- OEM/ODM: Accept
- Lead Time: 7-15 Days
- Package: Carton, Wooden Case, Etc.
- Tolerance: $\pm 0.01\text{mm}$

Product Description

Product Description:

CNC Turning and Milling Parts are precision components that are essential in various industries such as automotive, aerospace, electronics, and more. These parts are manufactured using advanced CNC technology to ensure high accuracy and quality. The Custom CNC Turning Parts are designed and produced according to specific requirements provided by the customer. This customization allows for unique shapes, sizes, and functionalities to meet the diverse needs of different applications. CNC Turn Mill Parts combine the capabilities of turning and milling processes to create complex geometries and intricate designs. Surface Treatment options for CNC Turning and Milling Parts include Polishing, Anodizing, Zinc Plating, and more. These treatments enhance the appearance, corrosion resistance, and durability of the parts, making them suitable for a wide range of environments and applications. The Lead Time for manufacturing CNC Turning and Milling Parts typically ranges from 7 to 15 days, depending on the complexity and quantity of the parts. This efficient production process ensures timely delivery without compromising on quality. With a Tolerance level of $\pm 0.01\text{mm}$, CNC Turning and Milling Parts are manufactured to extremely tight specifications to ensure precise fit and functionality. This high level of accuracy is crucial for applications where precision is of utmost importance. Materials commonly used for CNC Turning and Milling Parts include Stainless Steel, Aluminum, Brass, and other metals based on the specific requirements of the project. These materials offer excellent strength, durability, and machinability, making them ideal for a wide range of industrial applications. The Product Size of CNC Turning and Milling Parts is Customized to meet the exact dimensions and specifications provided by the customer. Whether large or small, simple or complex, these parts can be tailored to fit the unique requirements of each project.

Features:

Product Name: CNC Turning Milling Parts
Drawing Format: PDF, IGS, STP, DWG, Etc.
MOQ: 1 Piece
Application: Automotive, Aerospace, Etc.
Processing Method: CNC Turning Milling
Package: Carton, Wooden Case, Etc.

Technical Parameters:

Product Size	Customized
Lead Time	7-15 Days
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
OEM/ODM	Accept
Tolerance	$\pm 0.01\text{mm}$
Shipping	Express, Air, Sea
Package	Carton, Wooden Case, Etc.
Processing Method	CNC Turning Milling
Application	Automotive, Aerospace, Etc.
Material	Stainless Steel, Aluminum, Brass, Etc.

Applications: **ywy CNC Turning Milling Parts** with model number **cnc202** are versatile components suitable

for a wide range of applications in various industries. These **CNC metal machining parts** are crafted with precision and expertise, making them ideal for demanding scenarios where accuracy and quality are paramount. Hailing from **Guangdong Huizhou**, these **CNC machining turning parts** are known for their durability and reliability. The **stainless steel, aluminum, brass, etc.** materials used ensure high performance and resistance to wear and tear, making them a dependable choice for critical operations. Whether it is in the **automotive, aerospace, or other industries**, the **ywy CNC Turning Milling Parts** excel in various application occasions and scenarios. Their ability to withstand harsh environments and demanding conditions make them a preferred option for mission-critical tasks. Offering a **minimum order quantity of 1**, these **CNC turning and milling parts** are accessible for both small-scale and large-scale operations. The **price range of 0.68-6.68** ensures affordability without compromising on quality. Delivered in **bubble paper box packaging** within **10-15 days**, the **ywy CNC Turning Milling Parts** guarantee timely availability for your projects. With a **long-term supply ability**, you can rely on these parts for your ongoing needs. Accepting **OEM/ODM** requests and supporting various **drawing formats such as PDF, IGS, STP, DWG, etc.**, these **CNC metal machining parts** cater to diverse customization requirements. The **lead time of 7-15 days** ensures quick turnaround without compromising on quality.

Customization:

Product Customization Services for Custom CNC Machining Parts, CNC Metal Machining Parts, CNC Turning Machining Parts:

Brand Name: ywy

Model Number: cnc202

Place of Origin: guangdonghuizhou

Minimum Order Quantity: 1

Price: 0.68-6.68

Packaging Details: Bubble paper box packaging

Delivery Time: 10-15

Supply Ability: long-term

Advantage: High Precision, Fast Delivery, Etc.

Lead Time: 7-15 Days

Material: Stainless Steel, Aluminum, Brass, Etc.

Tolerance: ± 0.01 mm

Shipping: Express, Air, Sea

Support and Services:

Our CNC Turning Milling Parts product comes with comprehensive technical support and services to ensure optimal performance and customer satisfaction. Our team of skilled technicians is available to provide assistance with installation, troubleshooting, and maintenance of the product. Additionally, we offer training programs to help users maximize the capabilities of the CNC Turning Milling Parts. Our goal is to deliver top-tier support to meet the needs of our customers and ensure the success of their projects.

Packing and Shipping:

Product Packaging:

Our CNC turning milling parts are carefully packaged to ensure they reach you in perfect condition. Each part is wrapped in protective materials and placed in a sturdy box to prevent any damage during transit.

Shipping Information:

We offer fast and reliable shipping for all our CNC turning milling parts. Once your order is processed, we will ship it out promptly using trusted carriers to ensure timely delivery. You can track your shipment and receive updates on its status throughout the shipping process.

FAQ:

Q: What is the Brand Name of the CNC Turning Milling Parts?

A: The Brand Name of the CNC Turning Milling Parts is ywy.

Q: What is the Model Number of the CNC Turning Milling Parts?

A: The Model Number of the CNC Turning Milling Parts is cnc202.

Q: Where is the Place of Origin for the CNC Turning Milling Parts?

A: The Place of Origin for the CNC Turning Milling Parts is guangdonghuizhou.

Q: What is the Minimum Order Quantity for the CNC Turning Milling Parts?

A: The Minimum Order Quantity for the CNC Turning Milling Parts is 1.

Q: What are the Packaging Details for the CNC Turning Milling Parts?

A: The Packaging Details for the CNC Turning Milling Parts include Bubble paper box packaging.
