

Customized Size CNC Turning And Milling Parts with PDF Drawing Format in Any Size

Basic Information

Place of Origin: guangdonghuizhou

Brand Name: ywyModel Number: cnc202Minimum Order 1

Quantity:

• Price: 0.68-6.68

Packaging Details: Bubble paper box packaging

Delivery Time: 10-15Supply Ability: long-term

Product Specification

Advantage: High Precision, Fast Delivery, Etc.

• Lead Time: 7-15 Days

Shipping: Express, Air, SeaProduct Size: Customized

• Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.

Package: Carton, Wooden Case, Etc.Application: Automotive, Aerospace, Etc.

OEM/ODM: Accept

• Highlight: Custom CNC turning milling parts,

CNC machining parts with PDF drawing, Precision CNC turning milling services

Product Description:

CNC Turning Milling Parts are a crucial component in various industries requiring precise and efficient machining processes. These parts are known for their high precision and versatility, making them ideal for a wide range of applications.

With a minimum order quantity (MOQ) of only 1 piece, these CNC Turning Milling Parts offer flexibility for both small-scale and large-scale production needs. The low MOQ allows for cost-effective prototyping and customization, making it easier for businesses to test and refine their designs before full-scale production.

One of the key advantages of these parts is their fast lead time, typically ranging from 7 to 15 days. This quick turnaround time ensures that businesses can meet tight production deadlines and respond promptly to market demands, helping to minimize delays and maximize efficiency.

The product size of these CNC Turning Milling Parts is fully customizable, allowing businesses to tailor the parts to their specific requirements. Whether it's a small, intricate component or a larger, more complex part, these parts can be manufactured to precise specifications, ensuring a perfect fit and optimal performance.

Furthermore, these CNC Turning Milling Parts support OEM and ODM services, giving businesses the flexibility to customize the parts according to their branding, design, or performance requirements. This customization option enables businesses to create unique and proprietary products that stand out in the market, helping to strengthen their competitive edge.

When it comes to performance, CNC Turning Milling Parts offer exceptional precision and accuracy. The advanced CNC machining technology ensures tight tolerances and consistent quality across each part, meeting the strictest industry standards and requirements. Another significant advantage of these parts is their fast delivery. With efficient manufacturing processes and streamlined production workflows, businesses can expect quick turnaround times without compromising on quality. This fast delivery capability can help businesses reduce inventory costs, improve cash flow, and respond promptly to changing market demands.

In addition to their high precision and fast delivery, CNC Turning Milling Parts offer a range of other advantages, including excellent surface finish, high durability, and compatibility with a variety of materials. These versatile parts can be used in diverse applications across industries such as aerospace, automotive, electronics, and more.

Overall, CNC Turning Milling Parts are a reliable and cost-effective solution for businesses seeking high-quality machined components with quick turnaround times. With their customizable product size, OEM/ODM support, and exceptional precision, these parts are ideal for a wide range of applications and industries.

Features:

Product Name: CNC Turning Milling Parts

<u>Tolerance: ±0.01mm</u> <u>Shipping: Express, Air, Sea</u>

Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.

Application: Automotive, Aerospace, Etc.

Lead Time: 7-15 Days

Technical Parameters:

Shipping	Express, Air, Sea
Processing Method	CNC Turning Milling
OEM/ODM	Accept
Material	Stainless Steel, Aluminum, Brass, Etc.
Advantage	High Precision, Fast Delivery, Etc.
MOQ	1 Piece
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
Product Size	Customized
Tolerance	±0.01mm
Drawing Format	PDF, IGS, STP, DWG, Etc.

Applications:

Product Application Occasions and Scenarios for ywy CNC Turning Milling Parts (Model: cnc202)

Custom CNC Turning Parts, CNC Metal Machining Parts, CNC Machining Metal Parts

Place of Origin: guangdonghuizhou Minimum Order Quantity: 1 Price Range: \$0.68 - \$6.68

Packaging Details: Bubble paper box packaging

Delivery Time: 10-15 days Supply Ability: long-term

Drawing Format: PDF, IGS, STP, DWG, Etc.

Processing Method: CNC Turning Milling Shipping Options: Express, Air, Sea

Surface Treatment Options: Polishing, Anodizing, Zinc Plating, Etc.

Material Options: Stainless Steel, Aluminum, Brass, Etc.

These CNC turning milling parts from ywy (Model: cnc202) are suitable for various application occasions and scenarios due to their versatility and high-quality manufacturing.

With a minimum order quantity of 1, these parts cater to both small-scale and large-scale projects.

The price range of \$0.68 - \$6.68 makes them cost-effective for different budgets.

They are securely packaged in bubble paper box packaging for safe transportation

Customers can expect a delivery time of 10-15 days, ensuring timely project completion. ywy ensures a long-term supply ability, guaranteeing consistent availability of these parts.

Acceptable drawing formats such as PDF, IGS, STP, DWG, etc., provide flexibility in design requirements.

Utilizing CNC turning milling processing method, these parts offer precise and efficient machining.

Available shipping options include Express, Air, and Sea for convenience.

Surface treatment options like polishing, anodizing, zinc plating, etc., enhance the durability and aesthetics of the parts.

Materials like stainless steel, aluminum, brass, etc., are used to ensure high-quality and reliable performance.

Customization:

Product Customization Services for CNC Machining Metal Parts

Brand Name: ywy Model Number: cnc202

Place of Origin: guangdonghuizhou Minimum Order Quantity: 1

Price: 0.68-6.68

Packaging Details: Bubble paper box packaging

Delivery Time: 10-15 Supply Ability: long-term

Material: Stainless Steel, Aluminum, Brass, Etc.

Product Size: Customized

MOQ: 1 Piece

Processing Method: CNC Turning Milling

Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.

Custom CNC Machining Parts

Support and Services:

Our CNC Turning Milling Parts product comes with comprehensive Product Technical Support and Services to ensure smooth operation and maximum performance. Our team of experts is dedicated to assisting you with any technical issues, troubleshooting, and maintenance needs that may arise. We offer detailed product documentation, training resources, and prompt assistance to help you get the most out of your CNC Turning Milling Parts.

Packing and Shipping:

Product: CNC Turning Milling Parts

Description: High-quality CNC turning milling parts manufactured with precision engineering for various industrial applications.

Packaging: Each part will be carefully packed in bubble wrap to ensure safe transportation.

Shipping: We offer worldwide shipping with reliable courier services to deliver the products to your doorstep in a timely manner.

FAQ:

Q: What is the Brand Name of the CNC Turning Milling Parts?

A: The Brand Name is vwv.

Q: What is the Model Number of the CNC Turning Milling Parts?

A: The Model Number is cnc202.

Q: Where is the Place of Origin for the CNC Turning Milling Parts?

A: The Place of Origin is guangdonghuizhou.

Q: What is the Minimum Order Quantity for the CNC Turning Milling Parts?

A: The Minimum Order Quantity is 1.

Q: What is the Price range for the CNC Turning Milling Parts?

A: The Price range is from 0.68 to 6.68.

Q: How are the CNC Turning Milling Parts packaged?

A: The parts are packaged in Bubble paper box packaging.

Q: What is the Delivery Time for the CNC Turning Milling Parts?

A: The Delivery Time is 10-15 days.

Q: What is the Supply Ability for the CNC Turning Milling Parts?

A: The Supply Ability is long-term.
