

## Automotive CNC Turning Milling Parts with Zinc Plating

### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

### Product Specification

- OEM/ODM: Accept
- Shipping: Express, Air, Sea
- Advantage: High Precision, Fast Delivery, Etc.
- Lead Time: 7-15 Days
- Drawing Format: PDF, IGS, STP, DWG, Etc.
- Application: Automotive, Aerospace, Etc.
- Material: Stainless Steel, Aluminum, Brass, Etc.
- MOQ: 1 Piece
- Highlight: **CNC turning milling automotive parts, zinc plated CNC machining parts, automotive CNC parts with zinc plating**

## Product Description

### Product Description:

Our Custom CNC Turning Milling Parts offer precision and versatility for a wide range of industries, including automotive and aerospace. With surface treatments such as polishing, anodizing, and zinc plating, these parts are not only functional but visually appealing as well. Utilizing the CNC turning milling processing method, our parts are manufactured to meet the highest standards of quality and accuracy. Whether you need complex geometries or intricate designs, our CNC turning machining capabilities ensure that your parts are produced with utmost precision.

Accepting drawing formats such as PDF, IGS, STP, DWG, and more, we make it easy for you to submit your designs and specifications for custom CNC turning parts. Our team of experienced engineers and technicians will work closely with you to ensure that your requirements are met with excellence.

These CNC turning milling parts find applications in various industries, especially in the automotive and aerospace sectors. From engine components to aircraft parts, our custom CNC turning machining parts play a crucial role in ensuring the performance and reliability of your equipment.

When it comes to packaging, we offer options such as cartons, wooden cases, and more to ensure that your CNC turning milling parts are delivered safely and securely to your location. Our commitment to quality extends to every aspect of our service, including packaging and shipping.

### Features:

Product Name: CNC Turning Milling Parts

Tolerance:  $\pm 0.01\text{mm}$

Advantage: High Precision, Fast Delivery, Etc.

Drawing Format: PDF, IGS, STP, DWG, Etc.

Product Size: Customized

OEM/ODM: Accept

### Technical Parameters:

Package	Carton, Wooden Case, Etc.
Tolerance	$\pm 0.01\text{mm}$
OEM/ODM	Accept
Lead Time	7-15 Days
MOQ	1 Piece
Product Size	Customized
Application	Automotive, Aerospace, Etc.
Drawing Format	PDF, IGS, STP, DWG, Etc.
Material	Stainless Steel, Aluminum, Brass, Etc.
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.

### Applications:

The CNC Turning Milling Parts offered by ywy (Model: cnc202) are versatile components suitable for a wide range of product application occasions and scenarios. These precision-engineered parts are manufactured in guangdonghuizhou and are available for a minimum order quantity of 1 piece at a competitive price range of 0.68-6.68 per unit.

These CNC Turning Milling Parts are ideal for various industries and applications, including but not limited to:

**Automotive Industry:** These parts can be used in the production of automotive components, such as engine parts, transmission components, and suspension systems.

**Aerospace Industry:** The high precision and durability of these parts make them suitable for aerospace applications, including aircraft components and avionics.

**Electronics Industry:** These parts are perfect for electronic devices and equipment, providing reliable performance and longevity.

**Medical Equipment:** Precision machining is crucial in the medical field, and these parts can be used in various medical devices and equipment.

With a quick lead time of 7-15 days and various surface treatment options such as polishing, anodizing, and zinc plating, these CNC Turning Milling Parts offer flexibility and customization to meet specific requirements. The materials used include stainless steel, aluminum, brass, and more, ensuring durability and quality in diverse operating environments.

The packaging details for these parts include bubble paper box packaging for safe transportation, and they can be shipped in cartons, wooden cases, etc. The delivery time is estimated at 10-15 days, with a long-term supply ability to meet ongoing production needs. Whether you require CNC Turning Machining Parts, CNC Metal Machining Parts, or CNC Turn Mill Parts, the ywy CNC Turning Milling Parts (Model: cnc202) are the ideal choice for precision, quality, and reliability in various industrial applications.

## Customization:

Product Customization Services for CNC Turning Milling Parts:

Brand Name: ywy

Model Number: cnc202

Place of Origin: guangdonghuizhou

Minimum Order Quantity: 1

Price: 0.68-6.68

Packaging Details: Bubble paper box packaging

Delivery Time: 10-15

Supply Ability: long-term

Package: Carton, Wooden Case, Etc.

MOQ: 1 Piece

Processing Method: CNC Turning Milling

Application: Automotive, Aerospace, Etc.

Advantage: High Precision, Fast Delivery, Etc.

## Support and Services:

Our CNC Turning Milling Parts product comes with comprehensive technical support and services to ensure smooth operation and optimal performance. Our team of experienced technicians is available to assist with any product-related inquiries or issues you may encounter.

We offer training programs to help users maximize the capabilities of the CNC Turning Milling Parts product, ensuring efficient and accurate machining processes. Our technical support team is well-equipped to provide troubleshooting assistance and maintenance services to keep your equipment running smoothly.

Additionally, we provide regular product updates and enhancements to ensure that your CNC Turning Milling Parts product remains up-to-date with the latest advancements in technology. Our goal is to ensure customer satisfaction by delivering top-notch technical support and services for our CNC Turning Milling Parts product.

## Packing and Shipping:

### Product Packaging:

Each CNC turning milling part is carefully packaged to ensure its protection during shipping. We use high-quality materials such as bubble wrap, foam, and sturdy boxes to prevent any damage during transit.

### Shipping:

Our CNC turning milling parts are shipped using reliable shipping carriers to ensure timely delivery. We offer various shipping options such as standard shipping, expedited shipping, and international shipping to meet our customers' needs. Tracking information will be provided once the order is processed.

## FAQ:

**Q: What is the brand name of the CNC Turning Milling Parts?**

**A: The brand name is ywy.**

**Q: What is the model number of the CNC Turning Milling Parts?**

**A: The model number is cnc202.**

**Q: Where is the CNC Turning Milling Parts manufactured?**

**A: The parts are manufactured in guangdonghuizhou.**

**Q: What is the minimum order quantity for the CNC Turning Milling Parts?**

**A: The minimum order quantity is 1.**

**Q: What is the price range for the CNC Turning Milling Parts?**

**A: The price range is between \$0.68 and \$6.68.**

**Q: How are the CNC Turning Milling Parts packaged?**

**A: The parts are packaged in bubble paper box packaging.**

**Q: What is the delivery time for the CNC Turning Milling Parts?**

**A: The delivery time is between 10 to 15 days.**

**Q: What is the supply ability of the CNC Turning Milling Parts?**

**A: The supply ability is long-term.**
