

## Customized Size ISO9001 Certified Precision Tolerance Sheet Metal Fabrication CNC Turning Milling Parts

## **Basic Information**

Place of Origin: Guangdong, ChinaBrand Name: Cnc Machining

Model Number: OEM Minimum Order Quantity: 1

## **Product Specification**

• Material: Steel, Stainless Steel, Aluminum, Carbon

Steel, Mild Steel, Cold Roll Steel, Brass,

Copper, Zinc Alloy, Zinc

• MOQ: 1000pc

• Surface Treatment: Painting, Powder Coating, Plating, Polishing,

Brushing, Anodizing, Silkscreen Printing,

Sandblast

• Thickness Range: 1/32 Inch To 1 Inch

• Processing Methods: Laser Cutting, Precision Stamping, Bending,

CNC Punching, Threading, Riveting, Drilling,

Welding

• Tolerance: +/-0.2mm

• Drawing Formats: DWG, DXF, STEP, IGS, 3DS, STL, SKP, AI,

PDF, JPG, Draft

• Sample Lead Time: 1-3 Workdays (no Surface Treatment), 3-5

Workdays (with Surface Treatment)

• Package Options: Bubble Bag, Carton, Wooden Box

Color Ontions: White Black Silver Ded Grov Bentone

Material	Stainless Steel, steel, Aluminum, Carbon steel, Mild steel, Cold roll, steel, Brass, Copper, Zinc Alloy, Zinc, etc.
Processing	Laser Cutting, Precision Stamping, Bending, CNC Punching, Threading, Riveting, Drilling, Welding, etc.
Surface Treatment	Brushing, Polishing, Anodizing, Powder Coating, Plating, Silkscreen printing, Sandblast, etc.
Tolerance	+/-0.2mm, 100% QC quality inspection with quality inspection form
Logo	Silk print, Laser marking.
Color	White, black, silver, red, grey, Pantone and RAL, etc.
Drawing format	DWG, DXF, STEP, IGS, 3DS, STL, SKP, AI, PDF, JPG, Draft.
Sample lead time	No surface treatment, 1-3 workdays. Require surface treatment, 3-5 workdays.
Certificate	ISO9001:2015/SGS/TUV/RoHS
Packing	By carton or as your request

Huizhou Yuanwenyu I processing experience.	Precision Parts Co, Ltd. is mainly engaged in CNC processing, sheet metal processing and 3D printing, with 16 years o
We are a professi	onal manufacturer of OEM CNC processing, sheet metal processing and 3D printing processing.
We have experier	nced engineers and quality control team as our strong backing.
High quality, com	petitive price and quick response are our mission.
Professional tech	nical support, strict quality control process, high cost performance.
We have our own	assembly workshop and 4 production lines.

Our Advantages	

We promise: All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.
The craftsmanship of all parts we machined is controlled rigorously. Every product has its own process card and process chart.
Our quality inspection procedure is quite strict. It must self-inspected during production, we have flow inspectors and professional inspectors.
Each size of product must be tested one by one after completing production and provide quality report.
The most important point, we are the entity factory, not trading company. Price is the composition of the actual product quality price. Quality can guarantee more controllable higher than trading company. The price is competitive, at least reducing the trade company's service fee.
We have many years of export experience, exports to the US, Europe, Japan and other countries and regions.
Our team are more professional. We have more reasonable price and better quality controlling than trade company. And our language ability is also diversified.
